Trio Jailed For Robbery Here Jan. 2

Three men are in jail today in East Liverpool and Beaver, charged with roles in an armed robbery Jan. 2 at the Humble Oil & Refining Co. Service Station at E. 3rd St. and Broadway in which $114 was taken from an attendant and a safe was hauled away and later looted of $243, police reported.

Officers identified the suspects as:

Terry Lee Hensel, 21, of 101 W. 7th St., the gun - wielder; Stanley C. Lovett, 26, of 510 S. Liberty Ave., Alliance, formerly of Walnut St., and Charles Junior Mercer, 18, of 130 Ravine St.

—:—

LOVETT and Mercer were taken before Municipal Judge Samuel M. Chertoff today for arraignment on charges filed by Patrolman William A. Devon alleging that they "aided, abetted or procured" Hensel to perform the stickup while they aided.

The judge set preliminary hearings for both on Thursday morning. He set their appearance bonds at $5,000.

Hensel is in Beaver County Jail at Beaver, charged with violation of the Pennsylvania Uniform Firearms Act — the arrest that "cracked" the case, according to Devon.

Dale Saling, the attendant at the service station, was stuck up about 4 a.m. Jan. 2 by a pistol-carrying bandit wearing a goatee and a mustache. He told police the bandit forced him into the station's back room and removed the cash from his pockets. Meanwhile, the bandit's accomplices pulled a car into the station's grease pit and loaded the safe into it, he told police.

Saling was left in the back room at the station with his hands tied. He worked free after a short time and telephoned police.

The rifled safe was found later the same day in a vacant basement of a building in Pink Alley, officers said.

—:—

DEVON SAID it was an arrest made by Patrolman Michael Haydin of the Ohioville Borough police department which led to the solution of the case. Haydin spotted Hensel on foot Friday night at 11 on Route 68

At Chester Drugstore

Safe Containing $2,000 Grabbed

Six men broke into the Citizens Drugstore at 5th St. and Carolina Ave. in Chester early this morning and hauled away a small floor safe which contained about $2,000.

Police said a passerby watched the operation and notified police the entry was in progress, but by the time an officer arrived the thieves had made good their escape.

—:—

PATROLMAN Joseph Cornell, first on the scene, said he at first believed he had the men trapped inside, called for help and then went inside with Police Chief Audley T. Campbell. Once inside the officers found the safe had been taken out the back door and carted off in a station wagon.

The individual who saw the incident reported four men stood outside the building while two others went inside after pulling out the lock on the front door. Two cars were used, it was reported. One was a sedan and the other, apparently used to carry the safe, a station wagon.

Cornell said he received the call about 4 a.m. and rushed to the scene. He reported the men could not have been gone long when he arrived because it was snowing heavily and the tire tracks still were fresh.

—:—

THE SAFE, which weighs about 400 pounds, was located in the store's office at the rear of the building, owner George Manolakis said. The safe contained not only Sunday's receipts, but also money taken in collections of utility bills and for sale of money orders.

Manolakis said nothing else was disturbed and there was no evidence that the thieves might first have tried to open the safe before carting it away.

The store closed Sunday about 9 p.m. He said between 80 and 90 per cent of the loss is believed covered by insurance.

Manolakis requested any resident who cashed a check or paid a telephone bill after 1 p.m. Saturday to notify him in order to help determine the total loss.

He added nothing else was disturbed.

MIG Downs U.S. Plane, Pilot Missing In North

SAIGON (AP) — A MIG21 flashed up through monsoon clouds to shoot down a U.S. Air Force Thunderchief Sunday during a strike against an airfield deep in North Vietnam, the U.S. Command announced today.

The pilot is missing.

The F105 Thunderchief was taking part in a radar attack on the Yen Bai airfield and storage area 78 miles northwest of Hanoi. It was the 786th American warplane reported lost in combat over North Vietnam. This includes 36 downed by MIGs, while American pilots claim to have shot down 103 of the Communist jets.

Hanoi claimed three U.S. planes were shot down Sunday, including an RB66 electronic counter-measure plane loaded with highly sophisticated electronic equipment to jam North Vietnam's radar warning system.

With much of North Vietnam blanketed by clouds, U.S. planes flew only 83 missions Sunday. The only two raids above Hanoi were on the Yen Bai airfield and the Sam Tra railroad yard on the northwest line 94 miles northwest of Hanoi. Bomb drops were made by radar in both strikes and no assessment of damage could be made because of the weather.

U.S. spokesmen say the Yen Bai airfield has never been completed and there have been no reports of MIGs flying off the field. It is used primarily as a storage area for military supplies, according to intelligence reports.

The raids in the panhandle were aimed at trucks, water traffic and storage areas in the continuing U.S. campaign to cut down movement of men and supplies from North Vietnam into the south.

There have been reports that the North Vietnamese are moving large quantities of men and supplies to the south, both through the southern panhandle and down the Ho Chi Minh trail through Laos. The main thrust of the U.S. air effort has been on cutting down the movement of truck convoys through Laos, but these strikes are never reported by the U.S. Command because Laos is supposed to be neutral.

American Green Beret troops spotted North Vietnamese units fording a river five miles southwest of Khe Sanh Sunday after 9 U.S. Marines were killed and 70 wounded in an ambush in the same general area.

46 Deaths Attributed To Weather

Snow, Sleet And Freezing Rain Deal Misery To Nation

By The Associated Press

Snow, sleet and freezing rain covered sections of the nation from northern Mississippi and Georgia to the Great Lakes and New England today. Schools were closed in areas from Illinois to Georgia. And tens of thousands of persons in five states were left without electricity over the weekend.

Weather related deaths numbered 46 for the weekend.

Highway traffic slowed to a crawl through much of the area east of the Mississippi. Major roads were generally icy and many secondary roads were impassable.

Residents of southeastern Ohio were digging out of 17 inches of snow that fell Sunday, and in western West Virginia a new cover of 11 inches of snow left 33 inches on the ground.

The Weather Bureau issued warnings for more of the same kind of weather today. Heavy snow warnings were posted for northern Maine with 6 inches or more of snow expected.

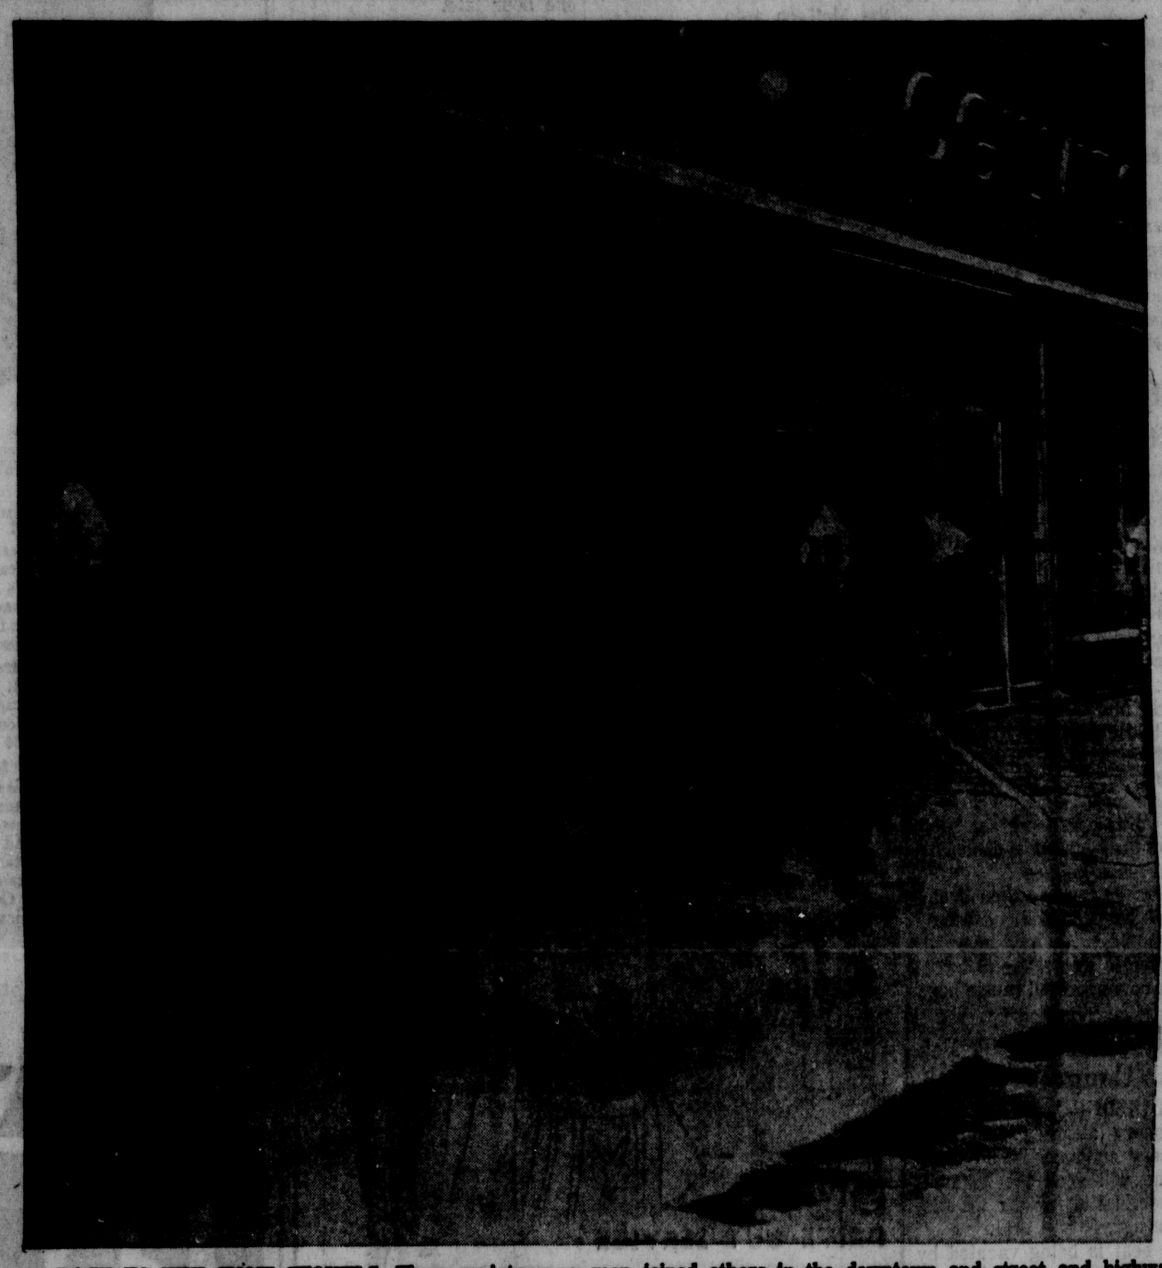
Freezing rain warnings were issued for southern Maine, Vermont, New Hampshire, northeastern New York and interior sections of Massachusetts. Travelers warnings were posted for most of the area from southern New York to northeastern Arkansas and northern Mississippi.

Gale warnings were up from Eastport, Me., to Block Island, R.I., and locally heavy rain saturated southern New England early today.

Elsewhere, the northwest was lashed by strong winds and locally heavy rain today from Washington to central California.

The temperature rose above freezing Sunday in New York City for the first time in nine days. But a driving rain, coupled with salt spread during recent snowfalls, seeped into cable shafts and caused short circuits.

Gas explosions popped manhole covers in the city, and falling tree branches and the short circuits cut off power to some 12,000 homes in the metropolitan area. There were numerous power and telephone failures in Upstate New York.



BACK TO THE SNOW SHOVELS. These maintenance men joined others in the downtown and street and highway workers across the district at snow removal work for the second time since Friday after four inches of flakes were deposited overnight on top of four inches from Saturday.

Back Roads Called 'Horrible' In Wake Of Latest Drifting

The tri-state area, which over the weekend managed to dig out of a Saturday snowstorm, today was back at the shovel again after a 4-to-5-inch fall which clogged streets and roads and closed almost all schools.

By mid-day, city, state, township and county crews had made considerable headway in restoring normal traffic in many places, but many secondary roads were heavily drifted.

—:—

THE DRIFTS and ice-slicked highway surfaces made traveling treacherous this morning, and numerous skidding mishaps were reported. Many vehicles were stalled.

Because of the drifts and hazardous roads, school officials ordered one-day closings for most districts.

Only Midland and Western Beaver schools were open in the immediate area.

Closed were East Liverpool, Beaver Local, Wellsville, Hancock County, Southern Local, Edison and South Side schools.

Authorities at all schools indicated classes would resume Tuesday unless there was significant additional snow.

—:—

THE FORECAST calls for occasional snow and windy and colder tonight and Tuesday.

Temperatures are due to remain below normal through Saturday, with little day-to-day change.

Drifting of secondary roads was the primary reason for most of the school closings.

Supt. Roy Cashdollar of Beaver Local said the back roads were "horrible," in explaining the suspension of classes for the district's six schools which have 2,694 students.

Victor M. Thomas Jr., supervising principal at South Side, said some roads were impassable. Southern Local's 1,480 students also were given a one-

Over 250 Killed As Earthquakes Smash Across West Tip Of Sicily

PALERMO, Sicily (AP) — A catastrophic wave of killer earthquakes smashed across the western tip of Sicily today and police said more than 250 persons were killed.

The quake was the worst natural disaster to hit Sicily—the largest and most populous island in the Mediterranean sea—since an earthquake destroyed Messina in 1908 with a loss of 75,000 lives.

The quakes ripped across a mountainous farming region of Sicily considered to be the stronghold of the Mafia. At least half a dozen towns and villages were wrecked.

The shocks also reached into the cities of Palermo, Trapani and Marsala, on the edge of the disaster area, causing some damage and widespread panic.

Hundreds were injured as the shocks came in a series of death-dealing waves.

Five tremors had rocked the region Sunday and at least five more came today, starting at 2:34 a.m. and continuing through midday.

The disaster plunged western Sicily into winter misery. The Italian government mounted a massive relief and rescue operation of planes, ships, trucks and cars to get medicine, blankets food and tents into the disaster zone.

Hundreds of homeless huddled without shelter in bone-chilling cold, many in fields where snow lay four inches deep.

The full fury of the quakes struck in a mountainous triangle roughly halfway between the north and south coasts of Sicily's western end.

Gibellina, a town of 7,000 inhabitants, was destroyed. So was Montevago a town of 3,000 where a late shock razed the hospital. First rescue teams into Gibellina said they saw nothing but ruins.

Refugees from Gibellina trudged along the icy road away from their ruined town, seeking shelter.

From cracks in the mountainside on which Gibellina was built came the odor of sulphur, so strong it could be smelled several miles away. The geological structure of Sicily is volcanic.

Police at Trapani, at the westernmost tip of Sicily, said they had received word from police at Montevago that the hospital collapse had killed 200 persons.

It might be days before the exact number of deaths becomes known. Emergency teams fought over blocked and icy roads to reach piles of debris that only the night before were living communities.

Officials said the disaster could have been worse, but the population had warning before the worst of the day's quakes struck.

Justice Abe Fortas, speaking for the high court, said the justices could find no basis for reversing approval of the merger by the Interstate Commerce

Ohio Assembly To Face Redistricting Showdown

COLUMBUS, Ohio (AP) — Ohio's lawmakers reconvene tonight to face a showdown on Congressional redistricting and other major problems which arose during their recess since last August.

A federal court gave the legislature until Jan. 26 to establish new districts for 1968 election of Ohio's 24 congressmen. Present districts were declared invalid because of population inequities.

Leaders said they planned to get a redistricting bill through the Senate this week in order to give the lower chamber the same amount of time to work on the thorny issue.

A joint meeting of the House Government Operations Committee and the Senate Elections, Commerce, and Labor Committee was set for this afternoon in advance of scheduled 8 p.m. floor sessions.

Services Set For Victim Of Road Mishap

Services will be held Tuesday for an 18-year-old Aliquippa area youth who died Saturday night at City Hospital from injuries suffered in a one - car mishap south of Laughlin's Corners Friday night.

Edwin Eugene McCoy, son of Mr. and Mrs. Kenneth McCoy of Aliquippa RD 1, died Saturday at 9:30 p.m. as a result of the mishap in which he suffered head and internal injuries.

Marcie Noll, 16, of Georgetown RD 1, also injured in the accident on Route 168, was in "serious" condition today at the hospital.

The two were hurled from his 1968 sports auto after it veered off the highway, hit guardrails and went over an embankment into a creek.

The girl, who was caught against the hot exhaust pipe of the car, suffered multiple abrasions and burns of the stomach. She is the daughter of Mr. and Mrs. William Noll of near Kendall. The two had been to a basketball game.

The youth, born Aug. 27, 1949,

Officers Probe Entry At Tavern

Police are continuing investigation of an entry discovered Saturday at the Dan-D-Bar at Washington St. and Broadway in which intruders escaped with $100 in bills and change, two cases of whisky worth $100, two hams worth $20 and cigarettes and coins from a vending machine.

Chris Markanton, the proprietor, told Patrolman Kenneth J. Montgomery the intruders apparently entered through a second-floor apartment which is in the progress of being remodeled and then forced a door into the tavern's kitchen.

The money was taken from the cash register and a drawer. Officers said an unsuccessful attempt also was made to force open a coin-operated music box.

near the Highway Oil Co. and decided to question him because the young man was acting suspiciously, the officer related.

Before placing Hensel in his cruiser, the officer searched him and found a loaded .38-caliber pistol and a pair of improvised brass knuckles, officers said.

Haydin took Hensel to the Midland police station and charged him with violation of the Uniform Firearms Act. Chief Bernard Zlatovich of Ohioville joined in the investigation. He telephoned Capt. Kenneth Mooney of the East Liverpool department that night and reported that Hensel fitted the description of a man sought by East Liverpool police for the Humble Station stickup.

Officer Devon went to the Midland headquarters Saturday morning, taking Saling with him. Saling viewed a lineup of five men, including Hensel, and picked out Hensel as the stickup man, officers said.

Quizzed by Devon and Zlatovich at the Midland station, Hensel admitted his part in the holdup, officers said. He said the "goatee and mustache" on his face had been applied with an eyebrow pencil.

Devon issued thanks from the East Liverpool department to Haydin and Zlatovich for their alertness in helping with the investigation.

"Their fine cooperation was a big factor in solving this case," Devon commented.

Hensel is due for a hearing Wednesday at 7 p. m. before Squire Stephen Germusa of Midland on the weapon charge.

Crew Pushes Water Repair

A city water department crew pushed work today on repair of a line which broke Thursday night on Claiborne St. between W. 9th and Moore Sts.

Service was off for about 90 minutes Sunday as the crew replaced a valve on the line. Another valve was being installed today, but the work did not necessitate a shutoff, according to Supt. Harold Peterson.

When the second valve is installed, the crew will be able to 'isolate" the site of the break and excavate to make repairs, Peterson said. The exact site of the leak is difficult to find because it is not rising to the surface, but apparently is flowing into a sewer.

Another break was reported in the 1200 block of Dresden Ave. early this morning after passersby noted a deep puddle of water. But investigation showed the flooding resulted from a clogged sewer.

The crews also are investigating a reported water line break on St. Clair Ave. near Park Blvd. Peterson said the crew is attempting to pinpoint the site of the break. The department will not tear up the new concrete pavement of St. Clair Ave. to make repairs except as a last resort, he said.

Trustees Erase Constable Post At Yellow Creek

Feeling that the sheriff's department can handle law enforcement matters, Yellow Creek Township trustees Saturday voted to discontinue the office of constable.

Constable duties have been performed by Adam Frischkorn and Walter Johnson.

The trustees elected the following officers: George Yaney, chairman, and Robert Boyce, vice chairman. Walter Boyd is clerk.

In othre business, temporary appropriations, based on one-half the 1967 total, were made pending the year's allocations from Lisbon.

The contract for fire coverage with the Highlandtown department was renewed for a year, Boyd said.

It was agreed that the trustees' meetings will continue to be held the second and fourth Saturdays of the month.

Orsanco's Over-Optimism

Inconsistencies between two reports on the amount of polluton in the Ohio, Monongahela and Allegheny rivers leaves the Ohio Valley residents with a rather bad taste in the mouth.

The Ohio River Valley Water Sanitation Commission (Orsanco) maintains the water quality in the eight-state region is generally good.

Not so, reports the University of Pittsburgh Graduate School of Public Health whose study of the three rivers indicates some serious health problems are prevalent.

Robert K. Horton, executive director of Orsanco, has explained the differences between the two evaluations as a matter of frequency of sampling.

For example, the Pitt survey was continuous over a full year and turned up levels of arsenic, cadium and lead which exceeded the safety standards set by the U. S. Public Health Service. Horton said Orsanco's report showed no such high levels, but was based on only three samples.

Concentrations of sewage pollution in the Allegheny and phenols, particularly in the Monongahela, listed in the Pitt study made for the Federal Water Pollution Control Agency, were not indicated in the Orsanco report.

Horton said Orsanco does not believe there is a correlation between bad taste and phenol. "The amount of phenol doesn't tell the whole story, and we got away from it," he declares.

People in East Liverpool and water authorities in the area have a different opinion on phenol, because it is one of the chief causes for the local supply occasionally tasting more like an emetic than H20. One part in a billion can really taint the taste buds.

Water testing at the municipal level along the Ohio is basically bacteriological, and considerable amounts of lead, arsenic and cadmium could get into a municipal supply.

This is unlikely, but the possibility stirs the imagination. Prof. Maurice Shapiro, head of the Pitt study, said he is worried lest the report arouse "an emotional response" from the public.

The public here only hopes if there is a danger that poisonous metallics can enter the water supply, health officials will set up adequate testing systems to prevent it. The public hopes better safeguards of water supplies can be provided.

And the public hopes Orsanco, which has done an amazing job of improving the pollution problem in the Ohio Valley, will become more realistic about what still has to be done.

The Old Central Bell

The so far successful efforts to preserve the bell of the former Chester Central School might well bring the question, "Why bother?"

A community which devotes its attention to feeding on memories of the past is considered by some to be wasting energy which could be put to better use in building for the years ahead or taking care of its people in need of help now.

The point is, of course, that community attitudes must embrace all these directions—past, present and future. In many cities and towns of America, where mobility of population is so great, where urban changes have wiped out 19th Century slums and 18th Century social ideals, the past has been all but forgotten—including the meaningful heritage that can create a warm spirit of civic pride and human fellowship.

Unlike Europe where buildings and traditions are dated to the Romans, the Renaissance or a Revolution, America has to look to the Colonies, the Cowboys and the Capitalists for historical perspectives.

Chester is only 60 years old, but it has some pleasant and proud memories for many. The Central bell was one of the sounds of life in the small community for decades, and deserves a proper place in the history of the town.

The people who cared enough to keep it from the wrecker's truck will be able, with the help of others who recognize the bell's intrinsic civic value, to install it where it rightfully belongs.

Cutting Away The Flab

A flurry of expense-cutting measures within the United States mission to the United Nations is causing a stir among employes. Some jobs will be eliminated.

Business travel, telephone use, overtime and postage use are being restricted. One telephone line has been taken out as nonessential. Entertainment funds have been frozen.

These steps have come about because of congressional action reducing the State Department's budget 4.5 per cent. This means the mission has until June 30 to cut its operation $110,000.

The mission operates with a staff of 120 on a budget of $1.3 million a year.

The word is out that three jobs are to be dropped.

This is now congressional economy statistics become meaningful. Congress demands a cut in spending. The figure is specific. It is then up to the various departments and agencies to determine where cuts can be made most effectively.

Reductions may be made in manpower, or in procedures. The most interesting fact to the taxpayer is that cuts can be made somewhere. When the money belt is tightened, the operating stomach of government agencies conforms.

The austerity program in effect in the U.S. mission to the United Nations is proof that reductions can be achieved.

Success of economy moves approved by Congress should give fresh impetus to the campaign to cut away excess fat in all governmental departments in the United States and abroad.

It doesn't take much looking to see the need for a federal "fiscal fitness" program.

One-Upmanship

There finally has been a Russian reaction to heart transplant progress in the West. Soviet Health Minister Boris V. Potrovsky has criticized Dr. Christian Barnard of South Africa.

Minister Petrovsky said he is not satisfied with the safety of human heart transplants. The Russian didn't mention it but surgeons and patients in the West aren't satisfied with the program at this point either. They have risked lives and reputations on the educated guess that the program could be made to work.

The Soviets also have medical news to report. One of their surgeons successfully transplanted the head and front legs of a puppy on another dog.

That's interesting. What do you do with it?

Letter To The Editor

EDITOR OF THE REVIEW:

What are the people in East End expected to do to protect their property? It seems it isn't safe now to lock your doors and go away. Daylight hours are not protection anymore.

There is hardly a night that goes by when you don't read in The Review about vandalism or robbery in East End.

I personally think that when these juveniles get picked up, that if nothing is done to them in the courts, the parents should be held responsible. Maybe if these parents were hit in their pocketbook they would decide it is worth their while to know where their sons are and what they are doing.

I am not so heartless that I would enjoy seeing a young boy behind bars, but if that is the only answer, I'm for it. I have seen repeatedly in the paper where a teen-age boy is fined and put on probation, and still the offenses continue. Again they are put on probation, again the offenses continue. When does it ever end?

Since it is getting more and more frequent and in the same general area, it seems to me as though the same group is getting overconfident or more and more boys are deciding to lead the life of crime. Why not, they are getting away with it.

We hear on television "do not leave your keys in your car because you are helping a good boy go bad". Isn't it helping or even encouraging a good boy to go bad when there is a very light punishment?

Something has got to be done. First it was vandalism, then robberies, WHAT IS NEXT?

'Candidates Stay Home!'

By Art Buchwald

WASHINGTON—President Lyndon Johnson, knowingly or unknowingly, may have dealt a blow to his Republican opposition when he indicated it would be very unpatriotic for any American to travel outside of the Western Hemisphere for the next two years.

Art Buchwald

It is part of the American political tradition that any candidate running for high public office must visit Ireland, Italy and Israel, with stops in other parts of the world if he hopes to get elected.

Without these trips no politician can ever win the hearts of the American people.

It is interesting to note that President Johnson made his anouncement about keeping Americans at home after he completed his globe-girdling trip and Republicans think is was no accident that the President saw the Pope before he told the American people that they shouldn't go abroad.

ONE REPUBLICAN candidate, a favorite son, said, "Nixon, Romney and Percy must have known something, because they got their trips out of the way before the President made his dollar-deficit speech. But what chance have the rest of us got if we can't leave the country?"

"Does it mean that much?"

"It certainly does. How would you feel if you had announced you were running for president and you'd never seen Dublin's fair city, where the girls are so pretty and you had not had your picture taken with sweet Molly Malone?"

"Just terrible," I admitted.

"And what kind of leader do you think a man would make if he hadn't had an audience with Pope Paul, in private, of course?"

"An awful leader."

"And how would you feel if you were asked to vote for a man who had never walked the streets of Tel Aviv or swum in the Dead Sea?"

"I'd say that man just does not have the qualifications for the highest office in the land."

"Exactly. I had a great campaign all set," the candidate said. "I was going to go to Moscow and debate Kosygin in an American kitchen."

"Say, that would have been novel."

"AND I WAS going to go to India and have my picture taken in front of the Taj Mahal."

"It would have made every paper's front page in the country."

"And finally, I was going to Vietnam to talk to our American boys."

"They would have been glad to see you," I said, trying to comfort him.

"Who knows?" he said. "I might have been lucky and gotten shot at by the Viet Cong."

"Even one hand grenade would have helped your campaign."

"I also was hoping to get brainwashed by Gen. Westmoreland."

"He would have done it for you, too," I said.

"But now President Johnson has said that nobody can go abroad without contributing to the economic crisis, and without the trip I have absolutely no chance of getting the nomination."

"Are you saying that the President used the gold shortage as an excuse to keep you home?"

"Why not? He knows he can beat Romney, Nixon or Percy; but what he doesn't know is if he can beat any of the rest of us. My people believe the President made up all that stuff about an economic crisis just to keep me from running against him in 1968."

"It makes more sense," I said, "than anything I've heard so far."

Dear Truman Twill:

How fortunate you were to be at home all last fall so you could watch football on television.

While I was away, I did not have access to a TV set and missed most of the games but have had the opportunity to see a few at the windup of the season since I have been back home. Luckily, each football season now lasts for two years.

One of the games we saw was also watched by a young woman who professed to be familiar with the game, though you never would know it from listening to her comments.

Early in the game, a punt rolled out of bounds down near the opponents' goal line and somebody said, "Gee, he punted into the coffin corner."

This young lady said, "Where else should he punt but into the coffin corner? However it does sound gruesome."

The expert tried to explain by saying, "No. Grewsome isn't in the game yet. He plays tackle on the special goal-line defense squad. He is 8 feet tall and weighs 400 pounds."

"What a giant he must be," she remarked.

"For your information, dear, he is not a Giant he is a 49-er."

"I didn't realize there were any bold prospectors around," she muttered.

Then came a play when a behemoth brutally charged into another knocking him to the ground. He lay there writhing and the announcer calmly explained, "Jones made good contact with Smith and it looks like Smith is shaken up."

They put Smith on a stretcher and were lugging him off the field. The young lady said, "Oh, they put him on a stretcher to shake him up."

"Farnsworth just missed a tackle," intoned the announcer.

"Of course he missed," said the young lady. "They just took the tackle out on a stretcher to shake him up. How could Farnsworth get the tackle who wasn't there."

The quarterback, whose jersey was badly torn by this time, kept trying unsuccessfully to pass to receivers who were heavily guarded.

"He's having trouble threading the needle," said the announcer.

"I know just how he feels," agreed the young lady. "Imagine trying to thread a needle with all these people watching you, everybody bumping into you and he doesn't even have his glasses on. But I do wish he could hurry up and thread the needle so he could mend his jersey."

Came a fourth down and one of the teams had to punt.

"Reminds me of what fun we had punting on the Thames last summer," she recalled. "Now it is 10 yards and four downs to go, and you said I didn't understand the game."

A quarterback sneak failed and she said, "Serves him right for being sneaky."

So they tried to kick a goal. She thought this was terrible. "What did the goal ever do to them?" she demanded to know.

When the band started playing at half-time, she interrupted with, "I'm sure it's three-quarter time, but never mind."

One of the players trotted off the field and the announcer explained, "That's the end."

"Why are they still playing if that's the end?" she asked.

The final gun sounded with the score tied.

"Now we'll have a sudden-death playoff," the announcer said.

"In the coffin corner, I suppose," said the young lady who knew all about the game.

What a shame football season is over when I have just started to appreciate it.

Faithfully yours,
MAX

This 'n That

The first wartime aerial combat in history took place in August 1914, during World War I, when Allied and German pilots and observers began shooting at one another with pistols and rifles—with negligible results.

Buttons, when first placed on garments, were strictly for ornamentation. It wasn't until the latter part of the reign of Queen Elizabeth I that their useful value was discovered.

Uncertainty

By James Marlow

Political Scene Stirs Questions

WASHINGTON

As it opens, this is perhaps the most uncertain political year in this century.

It seems sure, but not certain, President Johnson will seek re-election. Right now it's anybody's guess who the Republican candidate will be.

Then there's the problem which provides an uncertainty at the start of every presidential election year: How good a job will Congress do?

Since this is a Democratic - run Congress, a good record will help Johnson or any Democrat running in his place. A bad one would be a monkey on the party's back.

But then there are two extraordinarily unusual uncertainties which may be the deciding factors in the election: The Vietnam war and Negro riots.

IF JOHNSON could bring the war to a satisfactory end before the election, it might be all he'd need to win. If the war drags on, there's no predicting the effect on him.

More Negro riots, and probably worse than in 1967, look likely if only because no great steps have been taken to prevent them. One of them might even occur during the Democratic convention in Chicago next August.

Public reaction to the riots, and what Johnson does or fails to do about them, will inevitably be reflected in next November's voting.

Only one president in this century, Franklin D. Roosevelt, sought re-election in the midst of a war. At that time this was no handicap to him. The country was totally dedicated to crushing facism.

There was no war when President Harry S. Truman ran the first time in 1948 and was elected. But the Korean war was two years old, with no end in sight, when he had to decide about running a second time in 1952. By then he was under heavy criticism about Korea.

So far in these early days of the 1968 election year, Johnson hasn't said yes or no about trying again. That's not unusual. It was a lot later than this in 1952 when Truman decided he wouldn't make a second try.

HE DIDN'T announce his non-candidacy until March 29, 1952, which was 18 days after he lost the New Hampshire primary to a fellow Democrat, Sen. Estes Kefauver of Tennessee.

In a way Kefauver was to Truman—but in a much stronger way—what another Democrat, Sen. Eugene McCarthy of Minnesota, is to Johnson now. Kefauver really wanted to be president.

The same can't be said about McCarthy. There's a fog over his intentions and has been since last Nov. 30 when he said he would go into some presidential primaries.

It certainly isn't clear whether, if he did well in the primaries, he would go on to try for the Democratic nomination. He almost certainly has no chance for it.

Right now his purpose seems to be to put enough pressure on Johnson to make him soften his Vietnam policy. But if this doesn't work, what will he do?

If U.S. policy in Vietnam remains unchanged, McCarthy has said, he'll carry his challenge all the way to a battle for the nomination. But for a man going to all this trouble he seems to have a languid view of his chances. "If not me, then someone else," he has said.

Through The Years

THIRTY YEARS AGO — Griffiths Cash Market at 1203 Pennsylvania Ave. was robbed of groceries valued at $75.

Sale of Christmas health seals in East Liverpool during the December drive totaled $2,020, short of the $2,500 quota.

TWENTY YEARS AGO — Births showed an increase over deaths during 1947 in Hancock County — 216 to 180.

The 411 Club of Chester named Sayre Graham president and Dale Hoyt vice president.

James W. Christy of East Liverpool, RD 1 reenlisted for three years in the navy.

TEN YEARS AGO — Robert McFarland was presented a nine - year perfect attendance pin by the Chester Kiwanis Club.

Robert A. Knapp, James J. McGowan and Wilford C. Padgett were appointed to the Board of Trustees of Carnegie Public Library.

For the third consecutive year, the WSCS of the First Methodist Church earned jurisdictional credit for participation in study courses.

Odd Facts

The United States built the Panama Canal during the early part of this century, with thousands of men laboring to move 211 million cubic yards of earth and rock and conquering tropical diseases that took the lives of many workmen. The construction of this 50.72 - mile - long "ditch" cost the U. S. $380 million.

During the U. S. economic depression of the 1830's, there was a demand for a law banning all new inventions on the grounds that new machines would rob too many workers of their jobs. Despite this, however, that period saw the invention of the steam locomotive, the harvester, the telegraph, the sewing machine and the process of vulcanizing rubber.

Gen. John J. Pershing (1860-1948) was the first American commander of the first U. S. Army ever sent to Europe — during World War I — and after that war he received the highest rank that ever had been given an American army officer, General of the Armies of the United States.

As it opens, this is perhaps the most uncertain political year in this century.

It seems sure, but not certain, President Johnson will seek re-election. Right now it's anybody's guess who the Republican candidate will be.

Then there's the problem which provides an uncertainty at the start of every presidential election year: How good a job will Congress do?

Since this is a Democratic - run Congress, a good record will help Johnson or any Democrat running in his place. A bad one would be a monkey on the party's back.

But then there are two extraordinarily unusual uncertainties which may be the deciding factors in the election: The Vietnam war and Negro riots.

IF JOHNSON could bring the war to a satisfactory end before the election, it might be all he'd need to win. If the war drags on, there's no predicting the effect on him.

More Negro riots, and probably worse than in 1967, look likely if only because no great steps have been taken to prevent them. One of them might even occur during the Democratic convention in Chicago next August.

Public reaction to the riots, and what Johnson does or fails to do about them, will inevitably be reflected in next November's voting.

Only one president in this century, Franklin D. Roosevelt, sought re-election in the midst of a war. At that time this was no handicap to him. The country was totally dedicated to crushing facism.

There was no war when President Harry S. Truman ran the first time in 1948 and was elected. But the Korean war was two years old, with no end in sight, when he had to decide about running a second time in 1952. By then he was under heavy criticism about Korea.

So far in these early days of the 1968 election year, Johnson hasn't said yes or no about trying again. That's not unusual. It was a lot later than this in 1952 when Truman decided he wouldn't make a second try.

HE DIDN'T announce his non-candidacy until March 29, 1952, which was 18 days after he lost the New Hampshire primary to a fellow Democrat, Sen. Estes Kefauver of Tennessee.

In a way Kefauver was to Truman—but in a much stronger way—what another Democrat, Sen. Eugene McCarthy of Minnesota, is to Johnson now. Kefauver really wanted to be president.

The same can't be said about McCarthy. There's a fog over his intentions and has been since last Nov. 30 when he said he would go into some presidential primaries.

It certainly isn't clear whether, if he did well in the primaries, he would go on to try for the Democratic nomination. He almost certainly has no chance for it.

Right now his purpose seems to be to put enough pressure on Johnson to make him soften his Vietnam policy. But if this doesn't work, what will he do?

If U.S. policy in Vietnam remains unchanged, McCarthy has said, he'll carry his challenge all the way to a battle for the nomination. But for a man going to all this trouble he seems to have a languid view of his chances. "If not me, then someone else," he has said.

Through The Years

THIRTY YEARS AGO — Griffiths Cash Market at 1203 Pennsylvania Ave. was robbed of groceries valued at $75.

Sale of Christmas health seals in East Liverpool during the December drive totaled $2,020, short of the $2,500 quota.

TWENTY YEARS AGO — Births showed an increase over deaths during 1947 in Hancock County — 216 to 130.

The 411 Club of Chester named Sayre Graham president and Dale Hoyt vice president.

James W. Christy of East Liverpool, RD 1 reenlisted for three years in the navy.

TEN YEARS AGO — Robert McFarland was presented a nine - year perfect attendance pin by the Chester Kiwanis Club.

Robert A. Knapp, James J. McGowan and Wilford C. Padgett were appointed to the Board of Trustees of Carnegie Public Library.

For the third consecutive year, the WSCS of the First Methodist Church earned jurisdictional credit for participation in study courses.

Odd Facts

The United States built the Panama Canal during the early part of this century, with thousands of men laboring to move 211 million cubic yards of earth and rock and conquering tropical diseases that took the lives of many workmen. The construction of this 50.72 - mile - long "ditch" cost the U. S. $380 million.

During the U. S. economic depression of the 1830's, there was a demand for a law banning all new inventions on the grounds that new machines would rob too many workers of their jobs. Despite this, however, that period saw the invention of the steam locomotive, the harvester, the telegraph, the sewing machine and the process of vulcanizing rubber.

Gen. John J. Pershing (1860-1948) was the first American commander of the first U. S. Army ever sent to Europe — during World War I — and after that war he received the highest rank that ever had been given an American army officer, General of the Armies of the United States.

Ann Landers

ANSWERS YOUR PROBLEMS

Dear Ann Landers: Please tell me why normally intelligent people seem to take leave of their senses at Christmas time?

I refer to those individuals who sit down and compose interminable chronicles of the year's activities, have them mimeographed (usually a poor job) and proceed to send the drivel to everyone whose last name they can spell.

Isn't this the height of egocentricity? What makes these people think anyone (save a special few) are interested in wading through all that stuff?

For several years we have been receiving family newsletters and I've had it up to here. I guess what really galls me is the way everyone tries to paint such a glowing picture of affluence and success.

I HAVE BEFORE ME a fistful of chatty little Christmas letters. I'm going to lift a few sentences from each to illustrate the point. (The names of persons and organizatons have been changed for obvious reasons):

"Dear Friends: What a wonderful year we've had! Jim was named vice president of the bank so we celebrated by buying a Mercedes and taking a trip to the Orient. In addition to his Boy Scout work, Jim served as chairman of the United Fund drive. He's still on the hospital board and president of Kiwanis. Just for laughs he played the lead in the Little Theater production last June and everyone said he was better than the star who did it on Broadway.

"His first love, however, is still conservation and he continues to work hard as chairman of the committee to fight Dutch Elm disease.

"After completing my term as Junior League president I swore I would take life easy but it seems I'm more involved than ever. I accepted the vice presidency of the Garden Club and am still active in the DAR.

"Our church organist became ill and they asked me to substitute so I accepted. I ran the rummage sale for the Eastern Star again this year and managed to take a course in flower-arranging which was offered by a Japanese exchange student.

"Jim Jr. was elected class president and won his letters in football and basketball. He is on the all-state debate team and placed third in the national oratory contest last May. We were surprised when we read in the paper that he had won a $100 prize in an essay contest sponsored by the American Legion. We didn't even know he had entered! He's already been accepted by Harvard."

And so it goes—until you could upchick.

NEXT YEAR, ANN, I'm going to send a newsletter to all the people who have been sending US newsletters. It will read something like this and I hope they get the hint:

"Dear Friends: We had a perfectly rotten year. Hal was passed over for promotion again so he got mad and quit. He hasn't lined up a new job as yet but he has his name in at two agencies and he looks in the papers every day.

"Hal Jr. was defeated for home room monitor. He flunked French and will have to go to summer school. Billy has not had a haircut since August and had to hock his guitar to pay for repairing his motorcycle which he wrecked. My mother-in-law's annual two-week visit in May turned into two months, and my migraines got so bad I had to go back into therapy.

"As I write this, the whole family is down with the flu and I don't feel so good myself. We hope next year is better. It couldn't be much worse. Love to all. — MARY"

Ann Landers will be glad to help you with your problems. Send them to her in care of The Review, enclosing a stamped, self-addressed envelope.

Mental Health Unit Asks Ohio Bond Issue

COLUMBUS, Ohio (AP)—The Ohio Mental Health Association says a $200 million statewide bond issue is needed to provide revenue to replace and rehabilitate "numerous deteriorating buildings in the Division of Mental Hygiene."

The association, in urging the Ohio Legislature to place the issue on the ballot, said a survey has determined that about 31,000 patients cared for by the division are housed in old, inadequate facilities.

CLEANING TIPS

From PRESSWELL by Paul Seckman

DEEP PILE FACTS

Deep pile fabrics are fabrics that initially were made to resemble such furs as beaver, nutria, mouton, mink and more recently pony, ocelot, lynx and fox. Deep pile fabrics are now being made in a wide range of new and unusual fabrics and textures which do not resemble furs. The pile of these newer fabrics is usually one of the acrylics (Acrilan, Orlon, Zefran) or the modacrylics (Dynel, Verel) or nytril (Darvan). The backing is a woven or knitted construction of cotton, rayon, acetate or a blend of these fibers. Deep pile fabrics are used for coats, jackets, stoles, linings, trimmings and accessories.

DEEP PILE PROBLEMS

Deep pile fabrics are susceptible to matting (pile flattening) and tufting (fibers sticking together). Inspect points of wear such as cuffs, collar and seat for tufting or matting. Tufting and matting caused by normal wear is accentuated by mechanical action of drycleaning. Pile garments wetted by rain will mat if crushed by sitting or if pressed tightly in a closet. A deep pile fabric that is excessively tufted or matted can seldom be corrected. Brushing or carding will not correct the condition and may frequently further distort the fabric. The fibers used to create the lofty pile are usually heat sensitive and will be permanently damaged (matting—loss of sheen) by temperatures over 120°F.

British Set For Cutbacks In Economy

LONDON (AP) — The British Cabinet put the final touches today to its sweeping economic retrenchment program, with one prospective casualty the contract to buy a billion dollars worth of American F111 bombers.

A provisional decision to drop the order for 50 F111s was up for final Cabinet approval. Defense Secretary Denis Healey was battling to save the contract, and colleagues said he still had a fighting chance to get up to 35 or 40 of the big swing-wing planes if he could offer the Cabinet comparable savings elsewhere in the defense budget.

The British were told last week they could take 10 years to pay for the F111s and would be given American orders for British arms to earn the dollars to offset their foreign exchange costs.

The Cabinet was also expected to approve withdrawal of British forces from Malaysia and Singapore in Southeast Asia, and Bahrain and Sharjeah in the Persian Gulf by 1971, four years ahead of the schedule announced last July.

Prime Minister Lee Kuan Yee of Singapore met with Prime Minister Harold Wilson Sunday to urge a slowdown of the withdrawal timetable, and other British allies have voiced alarm over the headlong course of budget cutting Britian is following. Both President Johnson and Secretary of State Dean Rusk also were said to be dismayed at Britain's resolve to pull out of the Persian Gulf at a time of Soviet naval buildup in the Middle East. But there was no indication this attitude from Britain's allies would modify the Labor government's course.

The retreat into a "Fortress Britain" posture allows for the preservation of such outposts as the Rhine Army in West Germany and bases on Cyprus and in Hong Kong. But Britain now plans to ask West Germany to cover the local costs for the Rhine Army or it may be withdrawn.

2-Way Crash Hurts Woman At Wellsville

A woman was injured in one of four traffic accidents in Wellsville over the weekend.

Mrs. Linda Lovett of 1325 Boyce Ave., Wellsville, a passenger in an auto driven by Ralph Zoleres of 1308 Boyce Ave., was treated in City Hospital Sunday for injuries suffered in a mishap at Legion Alley and Main St. at 4:00 p.m.

The Zoleres auto pulled out in front of an eastbound car driven by Paul J. Popson of 515 North River Rd., Toronto, Wellsville police reported.

Zoleres was fined $25 and costs for failure to have his car under control.

Donald R. Crook of Niagara Falls, N. Y., said he hit an icy spot on Clark Ave. Saturday at 1:25 p. m. which caused his car to slide into the right rear of an auto driven by Arthur Deitz of 2202 Clark Ave. No injuries or citations resulted.

Jacquiline E. Ellison of 1010 Commerce St. hit a curb while negotiating a left turn off Main St. at 2:30 p.m. Saturday and skidded into an auto driven by Stewart Grafton of 507 Aten Ave., Wellsville, police reported.

Norman Montainto of 1621 Lincoln Ave., East Liverpool was unable to stop his car at the intersection of 7th and Main Sts. Saturday at 5:15 p.m. and slid into a westbound auto driven by Melvin Gerald Smith of 1715 Main St., police reported.

Registrars At Work

Voter Signup Launched In North Hancock Area

Twenty - eight voter registrars in two northern Hancock County districts have begun canvassing homes in the precincts now for registration for the May 14 primary election in West Virginia.

They are among 78 who will work throughout the county, the remainder being in Butler, the most populous of the three in Hancock.

The registrars attended a school Tuesday for which they were paid $10. County Commissioners approved the lists during their meeting Tuesday night and certain changes which were made.

During the canvass, the registrars receive 20 cents for each new registration, and 12 cents for changes and checking. They work in teams, one from each party.

—:—

THE WORK will continue through March 31, with the people first contacting each home. If no one is present when they call, a card will be left for the resident to contact the registrar. Registration also can be completed at the New Cumberland Courthouse.

The lists were compiled by Gail Ash, GOP chairman, and Walter Nogay, Hancock Democratic chairman.

Under West Virginia law, all registrations records have to be rechecked every four years by personal visits.

Five Are Injured As Two Cars Hit

Five suffered injuries when two cars collided Sunday at 4:25 p.m. on Route 45, three miles south of Route 30.

Involved was a convertible driven by William Leo Tittle of 1211 Cora St., East Liverpool, and a 1959 coach driven by Samuel A. Bailey, 46, of Burgettstown, Pa.

Officers at the Lisbon barracks of the Ohio Highway Patrol said Tittle's car slid left of center into the Bailey auto.

—:—

TREATED at City Hospital were Bailey, lacerations of the right eyelid, contusions of the chest and an injury of the left leg. His condition was listed as "poor."

Also treated were Mrs. Florence Bailey, abrasions of the forehead and injury of the left ankle, and a daughter, Anna, for cuts and abrasions of both lower legs. Both were released.

Injured in the Tittle car were Tittle, lacerations of the right hand and fingers, left knee and right leg, and Mary Snow of 1300 Riverview St., lacerations of the scalp and abrasions of the left knee. Both are listed as "satisfactory."

The autos were damaged seriously, patrol officers reported. Tittle was cited for driving left of center.

—:—

FOUR East Liverpool residents were injured in a mishap on Route 267, a mile south of U.S. 30, Saturday at 5:45 p.m.

It ocurred when a 1964 coach driven by John W. Miller, 37, of the Y. and O. Rd., southbound, slid off the right side of the road, came back on, went left of center and struck a northbound 1964 coach driven by Terry Lee Weaver, 26, of Box 575, East Liverpool, officers reported.

Injured were Miller, his wife Margaret, their year-old daughter Elizabeth and a passenger in the Miller auto, Janice Jones of 8th Ave., LeCroft, who was treated at Salem City Hospital and released.

Miller was cited by the patrol for driving left of center.

Two accidents were reported in the Rogers area over the weekend. One involved a tractor-trailer operated by Robert C. Laughlin of Weirton RD 1, who said his rig slid off Route 7, a mile north of Rogers, Saturday at 1 p. m. The truck sheared a utility pole and knocked down several fence posts, officers reported.

George F. Peller, 17, of Box 44 Rogers lost control of his 1963 sedan Saturday at 2:15 p.m. and struck a village road sign. No injuries or citations were reported.

—:—

A 1956 coach was demolished Sunday morning when an auto driven by Henry E. Dillinger, 27, of Salem RD 2 skidded off the right side of the road into a guardrail, then went down over an embankment, the patrol reported.

The mishap occurred on Route 164 two miles south of Columbiana at 12:30 a.m. No citations or injuries were reported.

A 6th mishap occurred in Hanoverton Sunday at 10:20 p.m. when a 1964 sedan driven by Bonnie L. Oyer, 19, of Kensington RD 1 attempted to make a right turn onto Route 30 and struck a 1964 coach, stopped for a traffic light, owned by Earl W. Cambell of Long Rd., Wellsville.

There were no citations or injuries, patrol officers said.

New Date Set On 2 Charges

Municipal Judge Samuel M. Chertoff today granted a continuance until Wednesday morning in the hearing for Charles Emler of 700 Cadmus St., who faces two charges in connection with a traffic crash Thursday night on Lisbon St. in which seven persons were hurt.

The judge acted after learning from police that four of the injured still are hospitalized. Emler is accused of driving left of the center line and failure to display license tags.

The judge heard three other traffic cases this morning.

Gary L. Lee of Barberton was fined $10 and costs on an Ohio Highway Patrol charge of driving an auto without tail lights. He was cited Saturday at 12:45 a.m. on Route 7.

Margaret Louise Doughty of 1049 Avondale St. was fined $20 and costs on a charge of speeding 50 miles an hour in a 35-mile zone on St. Clair Ave. Ext. She was cited by the patrol Jan. 8.

James E. Diggs of 1615 Commerce St., Wellsville, was fined $15 and costs on a charge of speeding 65 miles an hour in a 50-mile zone on Route 7. He was cited by the patrol Jan. 4.

The court ordered bench warrants for two defendants who failed to appear in old patrol cases. They are Matthew M. Snyder of Steubenville and George Roberson of Ruth St., both accused of operating cars without driver's licenses. Snyder was cited in January 1967 and Roberson last Aug. 15.

3 Boys Charged With Taking $50 At District Home

Three Midland Heights youths have been detained by Beaver County juvenile authorities at the Allencrest home on charges of burglary.

The three were taken into custody Saturday afternoon after they reportedly broke into the home of George Brnilovich of Eastbrook Dr., Ohioville.

A neighbor reported two of the youths were seen coming out of the home. Mr. and Mrs. Brnilovich discovered the entry after returning home.

They said $50 was taken from a savings bank.

Patrolman Michael Haydin remained at the home and Patrolman Leo LeFebvre tracked the youths in snow through the fields and came upon them at a Midcrest home, where they were apprehended by Midland and Ohioville authorities.

About $50 in change and a transistor radio were recovered.

Police said the two youths entered the home and a third waited for them. Two were 14-year-olds and the third 11.

City's Efforts Buried Again In New Snow

City trucks and rented equipment worked throughout Saturday night and well into Sunday afternoon to clear away a deep accumulation of snow in the downtown area, but much of the effort was wiped out in a new storm early today.

Six trucks and two high lifts were utilized in the big snow removal job, which cleared long stretches of E. and W. 4th, 5th and 6th Sts., Walnut St., Broadway, Jefferson, Washington, Market, Jackson and Monroe Sts. City-operated off-street parking lots also were cleared as well as possible, but some of the work was hampered by parked autos.

Plows pushed the snow away from curbs and placed it in big windrows in the traffic lanes. Then two high lifts loaded it onto the trucks, which hauled it to the River Rd. to be dumped.

Two trucks and a high lift were rented from the Pusateri Excavating Co. Four more city trucks and a high lift also were used in the operation, which began at 11 p. m. Saturday and continued until yesterday afternoon.

Safety-Service Director Robert E. Vodrey commented that streets in the downtown district "were in very fine condition" until the new snowfall arrived overnight. But parking and travel would be virtually impossible today if the first heavy accumulation had not been removed, he added.

Police said the new storm became heavy about 3 this morning.

In addition to the other snow removal work, the street department kept two snow plows busy throughout Sunday in outlying areas. The crews were called out again early today when the new storm began.

Part of the Saturday night snow removal was wiped out this morning when the new accumulation was shoved off sidewalks in the business area and piled in the curbside parking spots.

Mother, Daughter Die In Toledo Fire

TOLEDO, Ohio (AP)—Janice Brown, 25, and her 4-year-old son, Michael, died early today when fire destroyed their home on Toledo's west side.

Police said another son, Bertram, 5, escaped from the burning house and ran to the home of a neighbor, who summoned firemen. Fire officials said cause of the fire was undetermined.

day vacation as a result of drifted roads, Supt. Thomas Leek said.

—:—

SCHOOLS IN the northern part of the county, where there was less snow and where the more level topography reduced the drifting problem, were holding classes. East Palestine, Lisbon and Salem districts were in session. However, attendance was reported down at most.

Also closed were West Branch Local and Mineral Local School districts, the Columbiana County School for Retarded Children and the grade school and high school divisions of Salem Bible College.

West Branch is in the Mahoning County system, but draws from Knox Township and includes Knox elementary school in Columbiana County. Minerva Local is in the Stark County system, but draws students from West Township in Columbiana County and includes the East Rochester Elementary School.

—:—

COUNTY and state Highway Department road crews were plowing the main highways, but many township roads may not be cleared until later today. Predictions are for a rising wind which could cause more drifting.

As much as four inches of snow fell over the area, while to the north only two to three inches fell. Edwin Copeland, U.S. weather observer at Millport, recorded two inches of snow overnight, and Mrs. Leo Jenkins, precipitation reporter at Rogers, measured 2½ inches.

Mrs. Jenkins said six inches of snow fell Saturday morning and three more inches Sunday. Copeland reported 1.08 inches of rain Sunday morning, adding the snowfall would have been greater if the temperature had been lower.

Copeland reported a high of 36 degrees Sunday — the first time the mercury went above the freezing mark since Dec. 25. The overnight low was 21 degrees.

At Midland, ash crews were out at 4 a. m. today, and traffic was reported moving smoothly through the borough by Police Chief Ed Stefl.

Post Office Reminds Of Delivery Problem

Postmaster Samuel W. Brown reminded today of the delivery problems that go with a heavy snow.

He cautioned that unless sidewalks and a path are cleared to the householder's mail receptacle, the mailman is not authorized to deliver mail under department regulations.

All approaches to a box and in front of the mailbox must be cleared in the rural areas also he said.

"Our men want to deliver the mail," he emphasized, "but are not permitted to do so under those adverse conditions."

Brown said that where a city, county or state plow has pushed snow against a mailbox, it is not the responsibility of the mailman "to get through."

He called on all residents to do everything possible to assist in orderly delivery.

The first printing press in America was set up in Boston in 1638. However, a printed newspaper did not appear in the Colonies until John Campbell, a Boston postmaster, published the "Boston News - Letter" April 24, 1704.

Injured in the Tittle car were Tittle, lacerations of the right hand and fingers, left knee and right leg, and Mary Snow of 1300 Riverview St., lacerations of the scalp and abrasions of the left knee. Both are listed as "satisfactory."

The autos were damaged seriously, patrol officers reported. Tittle was cited for driving left of center.

—:—

FOUR East Liverpool residents were injured in a mishap on Route 267, a mile south of U.S. 30, Saturday at 5:45 p.m.

It ocurred when a 1964 coach driven by John W. Miller, 37, of the Y. and O. Rd., southbound, slid off the right side of the road, came back on, went left of center and struck a northbound 1964 coach driven by Terry Lee Weaver, 26, of Box 575, East Liverpool, officers reported.

Injured were Miller, his wife Margaret, their year-old daughter Elizabeth and a passenger in the Miller auto, Janice Jones of 8th Ave., LaCroft, who was treated at Salem City Hospital and released.

Miller was cited by the patrol for driving left of center.

Two accidents were reported in the Rogers area over the weekend. One involved a tractor-trailer operated by Robert C. A 1956 coach was demolished Sunday morning when an auto driven by Henry E. Dillinger, 27, of Salem RD 2 skidded off the right side of the road into a guardrail, then went down over an embankment, the patrol reported.

The mishap occurred on Route 164 two miles south of Columbiana at 12:30 a.m. No citations or injuries were reported.

A 6th mishap occurred in Hanoverton Sunday at 10:20 p.m. when a 1964 sedan driven by Bonnie L. Oyer, 19, of Kensington RD 1 attempted to make a right turn onto Route 30 and struck a 1964 coach, stopped for a traffic light, owned by Earl W. Cambell of Long Rd., Wellsville.

There were no citations or injuries, patrol officers said.

New Date Set On 2 Charges

Municipal Judge Samuel M. Chertoff today granted a continuance until Wednesday morning in the hearing for Charles Emler of 700 Cadmus St., who faces two charges in connection with a traffic crash Thursday night on Lisbon St. in which seven persons were hurt.

The judge acted after learning from police that four of the injured still are hospitalized. Emler is accused of driving left of the center line and failure to display license tags.

The judge heard three other traffic cases this morning.

Gary L. Lee of Barberton was fined $10 and costs on an Ohio Highway Patrol charge of driving an auto without tail lights. He was cited Saturday at 12:45 a.m. on Route 7.

Margaret Louise Doughty of 1049 Avondale St. was fined $20 and costs on a charge of speeding 50 miles an hour in a 35-mile zone on St. Clair Ave. Ext. She was cited by the patrol Jan. 8.

James E. Diggs of 1615 Commerce St., Wellsville, was fined $15 and costs on a charge of speeding 65 miles an hour in a 50-mile zone on Route 7. He was cited by the patrol Jan. 4.

The court ordered bench warrants for two defendants who failed to appear in old patrol cases. They are Matthew M. Snyder of Steubenville and George Roberson of Ruth St., both accused of operating cars without driver's licenses. Snyder was cited in January 1967 and Roberson last Aug. 15.

Judge Fines Trucker For Load On Span

Municipal Judge Samuel M. Chertoff today fined a trucker $25 and costs, the maximum permitted by state law, on a charge of driving a rig across the Chester Bridge with a load 9,000 pounds in excess of the temporary 15-ton load limit.

Another trucker forfeited a $50 appearance bond on a charge of exceeding the load limit by 28,000 pounds.

The judge imposed the fine on Lawrence Walls of 929 9th Ave., Beaver Falls, who was cited by the Ohio Highway Patrol Friday at 12:05 p.m. on a charge he drove across the span with a 24-ton load.

Marion T. Holmes of Ft. Wayne, Ind., forfeited the appearance bond. He was charged with crossing the span with a 58,000-pound load. Holmes was cited Friday at 1:30 by highway patrolmen posted at the East Liverpool end of the bridge, which is undergoing inspection and repair.

The judge commented to Walls that Ohio must be careful "to maintain safety standards for the protection of the public" in the wake of the collapse of the Silver Bridge Dec. 15 at Gallipolis.

"Studies now convince this court that the Silver Bridge collapse was the result of overloading and not structural defects," the judge said. "Ample warning was given to truckers and it is my understanding that there are four distinct warnings on the approaches to the Chester Bridge advising of the load limit.

"A reoccurrence of the Silver Bridge disaster is not a pleasant thought," the judge said.

"Truckers must respect the load limits set by the state," the judge said. He added that second offenders will be given "a more extreme penalty." He warned that the Chester Bridge dates back to the turn of the century, when today's huge trucks were undreamed of.

Greensburg, Ind., has a tree growing from the courthouse tower, 110 feet above the ground.

The word "tholos" refers to the collection of columns just under the statue of Freedom on the national Capitol.

'Polar Bear' Event

Right Weather Delivered For Scouts' Winter Camp

LISBON — Winter weather exactly fit the "Winter Survival" theme of a "Polar Bear" camp over the weekend at the Boy Scouts Camp McKinley on Logtown Rd.

There was cold, snow, wind, mist and sleet.

Bennett D. Taylor Jr., executive of Columbiana, Boy Scout Council, said approximately 105 boys and leaders lived in tents and cooked in the open. The campout began Friday evening and ended Sunday afternoon.

"I don't believe we ever had worse weather, but it was just right for the training program," Taylor said.

Roger Hobson of East Liverpool, a green beret staff sergeant in the Army Reserves, made a big hit with the boys and was in camp all the time. Hobson trained with the Norwegian army in winter survival, and passed on the skills to the scouts. He is employed by the Ohio Power Co.

The campers were from troops in the Cherokee District —the southern half of Columbiana County plus Chester and Newell, W. Va.

Robert Mellinger of East Liverpool, William Rayburn of Calcutta and Donald Theiss and Dale Hoyt, both of Chester, were the adult leaders.

Troops from Shawnee District —the northern half of the county—will move into McKinley Friday evening for their "Polar Bear."

William Baughman [illegible]m and Dorian (Doc) [illegible] of Homeworth will be [illegible]ult leaders. Kern "broke.. on the Cherokee camp, and persuaded Hobson to spend next weekend with the Shawnee boys.

Commissioners Approve Funds For Jefferson

Three new items were included when the Jefferson County Board of Commissioners approved a general fund of $2,836,622 for 1968 at its meeting Friday.

President Nick Calabria said they are $70,000 for a hospitalization, medical and surgical insurance program, $10,000 for a prosecuting attorney in the juvenile division and $1,500 for data processing.

Also appearing on the fund sheet for the first time since 1954 is $60,000 for the recently-constructed Jefferson County McCullough Children's Home in the west end of Steubenville. The original home, which was located in the Yellow Creek area, was razed several years ago to make room for highway construction.

Calabria said the board granted no additional money for wage or salary increases this year, "the insurance program being adopted with no expectation of such an increase." He said the total cost of the insurance program has not yet been determined.

Auto Union, GM Press To OK Contract

DETROIT (AP)—Bargainers for the United Auto Workers and General Motors Corp. today worked against a Wednesday strike deadline in an effort to complete local contract negotiations at seven plants employing close to 40,000 workers.

Negotiations also continued between the union and American Motors, only major U. S. automakers with no national union contract, and Chrysler Canada Ltd., the union's target firm in Canadian bargaining.

Some 8,200 Chrysler workers in the United States remained idled by two local walkouts.

Last week the UAW tagged 10 G-M plants with Wednesday strike deadlines, but local agreements have been worked out at three of them, two in Michigan and one in New York.

A GM spokesman said 58 out of 134 local contracts have been settled.

Local-issue dispute kept 4,200 off the job at Chrysler's Newark, Del., assembly plant, and idled 4,600 at the firm's St. Louis, Mo., assembly plant, the only two Chrysler plants where local agreements have not been reached.

A nine-day strike by salaried engineering workers at Chrysler's proving grounds in Chelsea, Mich., was ended Saturday when UAW members ratified a new contract.

Local Postal Receipts Set New Record In '67

Postal receipts here for 1967 surpassed those of the previous year's record high by $363, Postmaster Samuel W. Brown has announced.

In his annual report, Brown said receipts totaled $354,745.69 last year, compared with $354,382 in 1966.

The 1967 report by quarters, with 1966 figures in parentheses, follows:

First, $80,330.87 ($71,533.72); second, $88,664.90 ($76,866.51); third, $80,304.90 ($85,935.19), and fourth, $93,437.02 ($108,047.14).

Brown pointed out that postal quarters do not follow a regular three - month pattern as with most other business. He explained that actually the so-called fourth quarter ended last Friday, with receipts that have come into the office since Jan. 1 not yet counted. "Thus, our fourth quarter this time is much lower than last year's," he said.

The sale of money orders declined in 1967 to 20,500 from the 23,000 of 1966.

"This indicates that many patrons now use their checking accounts and other money sending means since the post offices have curtailed selling money orders on Saturdays, with the exception of two Saturdays in December when the department allows this to be done," the postmaster said.

The money orders amounted to about $450,000, with fees collected totalling $6,500. Money orders cashed locally, however, in 1967 were 4,600, compared with only 2,500 in 1966.

Commenting on the past Christmas season, Brown termed it "one of the best from an operational standpoint as both the weather and the patrons cooperated with their mail-early and zip code programs."

Gross volume of mail handled reflected an upsurge of 135,000 pieces over that of 1966. Much of this was of the bulk mail type from the large mail order houses and businesses. There are 63 meters now being used from the local post office, "which saves time for the users and in the handling by the postal employes, decreasing cancelations by the machine, but increasing overall pieces," Brown continued.

Man Injured In Fall On Ice

A city man injured in a fall on ice Sunday evening was treated at City Hospital, along with six other area residents hurt in weekend mishaps.

Alfred VanFossen of 4th Ave., LaCroft, suffered a fractured left wrist in the fall.

Also treated Sunday were Daniel Allen Jr., son of Mrs. Linda Allen of 550 Campground Rd., Wellsville, burns of the right hand and arm in a fall against a coal stove at home; Melissa Silverthorne, daughter of Richard Silverthorne of 1714 Park Ave., a small laceration of the right eyebrow area in a fall against a magazine rack at home.

Lewis Kinsel of 1201 Peake St., a forehead injury sustained on a pipe at home.

Treated Saturday were Karen Fotheringham, daughter of Robert Fotheringham of 738 Sophia St., a laceration of the right knee in a fall; Russell Fulmer of New Cumberland RD 2, contusions of the left chest when a car fell on him.

Thelma Waugh of 112 W. Center St., a fractured right finger in a fall.

Postal Meeting At Newell Reset Thursday Night

A public meeting in the fire station to discuss the new postal facilities at Newell has been changed from tonight to Thursday at 6:30 p.m.

Joseph Finocchiaro, chief of method and plant improvement of the U.S. Postal Department, will be present to explain plans for the facility and to answer questions.

Property owners with possible locations for the post office especially are requested to attend.

The meeting is open to residents of Newell.

Past Presidents Will Be Honored

Plans were made to honor past presidents of the Midland 4th St. School Parent-Teacher Association at the Feb. 8 meeting when the group met Thursday.

Mose Perkins, vice president, introduced the speaker, Atty. John Good Jr., who discussed the responsibility of the public in law enforcement. A question-and-answer period followed.

Miss Jean Musser, elementary music teacher, led the flag salute and singing of "America."

"Thank-you" notes were read from teachers and patrol boys for Christmas gifts they received from the PTA.

Driver Cited After Crash In Ohioville

Lloyd Brown of Smiths Ferry RD 1 was charged by Ohioville police with driving while intoxicated and driving left of center after an accident Sunday afternoon on Route 168 near the fire station.

Ohioville Police Chief Bernard Zlatovich, said Brown, operating a 1964 pickup truck, headed south when he drove five feet over the center line and collided head-on with a 1963 coupe driven by Nicholas Aukscunas of Industry RD 1.

Passengers hurt in the Aukscunas car were Mrs. Mildred Devich of the Salem Church Rd. and the driver's wife.

Mrs. Aukscunas was treated at Rochester General Hospital for neck and back injuries and Mrs. Devich was treated for a cut on the forehead.

Aukscunas suffered a cut on the leg.

Another passenger, Robert Aukscunas, was unhurt, police said. The car was demolished, while there was $300 damage to the truck, officers said.

In Hindustani, khaki means dust, earth or ashes, and the name is applied to dust-colored fabrics.

Officers Seated By Police Lodge

New officers of the Fraternal Order of Police Lodge and its civilian affiliate, FOP Associates, were inducted in a ceremony Saturday night at the Elks Lodge.

Patrolman James Buckley was seated as president of the FOP in a rite conducted by Patrolman Paul Blevins. He succeeds Patrolman David Mumaw. Judson Allison was installed for a new term as head of the FOPA.

Council President Norman Bucher was master of ceremonies. Solicitor J. Michael Kapp was principal speaker. Several out-of-town guests, district and state officials of the two lodges, were unable to attend because of the weather.

Forty-eight attended a dance which followed to the music of Ronnie Orr's orchestra.

Rebekahs Will Honor Odd Fellows Founder

Plans were made for honoring the 186th birthday anniversary of Thomas Wisey, founder of the Order of the Odd Fellows, when the Rebekahs met Friday at the IOOF Lodge hall in Smiths Ferry.

Plans also were discussed for a Beaver County rally in March.

The next meeting will be Feb. 26 at the lodge hall.

Toledo Museum Shows 100 Art Treasures

TOLEDO, Ohio (AP) — The only showing in the Midwest of a collection of about 100 Van Gogh art treasures valued at $10 million went on display Sunday at the Toledo Museum of Art.

The exhibit of drawings and water colors by the Dutch master will be here through March 3. From Toledo, the exhibit will go to Ottawa, Canada, and then returned for permanent display in a new museum under construction in Amsterdam.

Medicare And Social Security–No. 11

Medicare Crush Escaped

By BRUCE BIOSSAT

WASHINGTON (NEA) — In its 18 months of life, Medicare's big hospital insurance program, financed under Social Security, has poured out $4 billion in covering the hospital bills for 7.6 million admissions of aged persons.

There were not that many elderly individuals involved, since it is estimated one in four instances represents a hospital readmission.

Also paid out in the 18 months under Social Security's Medicare "arm" was $275 million covering bills for 405,000 admissions to nursing homes and other so-called "extended care" facilities.

Besides that, $32 million in bill payments went out to cover the beginnings of "home health care" for 350,000 cases. Some of this latter expense was paid by premiums charged in part to elderly patients participating in the supplemental "doctor bill" insurance program.

—:—

IF THE calculated repeat factor is eliminated from hospital admissions, some 5.7 million elderly folk out of 19 million in the hospital insurance program took advantage of it in its first year and a half.

This did not exactly constitute the great rush of the elderly to the hospitals which some authorities foresaw.

With a doctor shortage estimated in some quarters at 50,000 and getting worse, and a nurse shortage as well, it is unquestionably fortunate for the nation's health-care structure that it was not more heavily burdened.

Nevertheless, with so many millions in the program and more to be added as the ranks of people past 65 continue to grow, it is reasonable to expect that the Medicare hospital insurance undertaking will be much enlarged in the years immediately ahead.

—:—

HOW ALL this is to be coped with is not entirely clear. Various studies of health manpower and facilities have been made or are under way — some at the highest levels. The matter is judged to be urgent even without some future deluge from Medicare patients.

About 17.6 million of those signed up in the first 18 months for the optional supplemental insurance covering mostly doctor bills. For this insurance, the signers pay a monthly premium which the government matches. (It was $3 for signers but goes up in 1968.)

Through the first year and a half under this supplemental program, Medicare paid out $1,311,000,000 to cover 28 million doctor bills submitted.

In the beginning months, there was an average five-week lag in the payment of such bills. Now it is down to two weeks.

Beginning this month, hospitals will get their money under the hospital insurance program on a more expeditious basis. Those among the 6,900 hospitals participating in the Medicare system can estimate their probable Medicare charges for the entire year, divide the total cost by the 52 weeks of the year, notify the government of the weekly figure, and be paid that weekly sum steadily through the year. This plan is, however, optional with the hospital.

—:—

THE IMPACT of Medicare on facilities other than regular hospitals is becoming enormous.

Some 4,200 nursing homes and other extended care facilities presently participate, and the number will rise as more qualify by supplying adequate services.

Also taking part are 1,900 home health agencies (a visiting nurses' association, for instance) and some 2,400 independent laboratories providing various kinds of diagnostic services.

As if the normal, expected enlargement of the 65-and-over age group were not enough to pose heavy future difficulties for Medicare and the nation's health facilities, the hospital insurance effort was liberalized in late 1967 to throw still bigger burdens onto the program.

Cincinnati Teacher Showdown Expected

CINCINNATI (AP)—A showdown between Cincinnati teachers and school officials appears imminent this week. Monday is the crux.

The 3,200 teachers, organizing strike threats through their Cincinnati Teachers Union and the Cincinnati Teachers Association, give intimations of a citywide walkout.

Paul Miller, city school superintendent, has countered with a threat to turn to the courts for injunction relief.

The 700-member CTU has agreed to take a strike vote—either today or Tuesday. And the CTA, numbering 2,500 members, is considering holding a one-day boycott.

The teacher organizations claim they are considering the actions because Miller refused to grant them pay increases.

They Really Love Their Work

A Visit With The 'Floor People'

By VIVIAN BROWN
AP Newsfeatures Writer

Try this New Year tonic when you are feeling absolutely done in about your home: have your floors refinished.

Floor finishers have poetry in their methods. The entire industry from lumber mill to polishing machine seems to be geared to make you love floors.

As one woman put it, they'll make you love a house you've begun to hate. Anyone who maintains sanity through excavation, framing installation and workman squabbles in a new house or addition deserves it, points out another woman who has just built a new house.

A tree never dies, it is breathing, they somehow keep reminding you. The tree lives on in glorious splendor, only now it is exposed in its beautiful grain for all to see on your floor. That is the message.

—:—

AND IT gets through. As another woman points out, you begin to see floors in a new light, like something that belongs in a showcase.

"I never use a machine to lay a floor," long-time carpenter Oliver Davis of Norwalk, Conn., told one woman. Oliver is adept at just about any carpentry (or other work) from floor to roof, but he loves floors. After meticulously laying narrow floor boards, he observed, "If you put it down by hand, you won't have marks or scratches."

He went on to put down a white oak plank floor in 4-6-8 inch widths with pegs. He nailed boards together, leaving a smidgen of space (about the width of a putty knife) between so that floors could breathe. Then he would scoot along the board on his knees to drill two holes in end boards (three for eight-inchers).

He would blow into the aperture to remove all the wood dust, then coat the peg with glue before inserting it, "but I musn't get a speck on the floor as it will show when the floors are stained," he observed.

Walnut pegs are a bit higher than the oak planks, but sanding flattens them.

"It is going to be beautiful," he would say from time to time, wiping away perspiration and looking down with pride at his workmanship.

—:—

AFTER SUCH luck, it almost did the woman in to find another dedicated floorman, Albert Svindland of Stamford. He, too, appeared with the eagerness of a genie who had just popped out of a bucket of floor stain. He has been sanding, staining, laying floors for two decades. After an inspection the husky Norwegian gave his seal of approval to the other's floor laying: "It is a very good job."

Then he pursued the first of three sandings with such reverence that the entire house was hushed, except for the hum of the machine.

And what beautiful sandings—fom coarse to fine — then vacuuming, buffing and then Svindland suggests with pride, "touch the floor." It is as smooth as glass.

He rubs in the all - purpose stain-sealer, a dark coffee color that immediately emphasizes grain. He paints three or four boards at a time, then wipes it with a cloth to remove excess stain as striations appear. Occasionally, he rises to comment, "It is going to be beautiful."

Days later, he polishes the floor with wax and cautions. . . be careful pushing furniture across the new floor. . .don't let the humidity get too high in summer. . . and you know he wants to add, "and don't walk on it, unless you must."

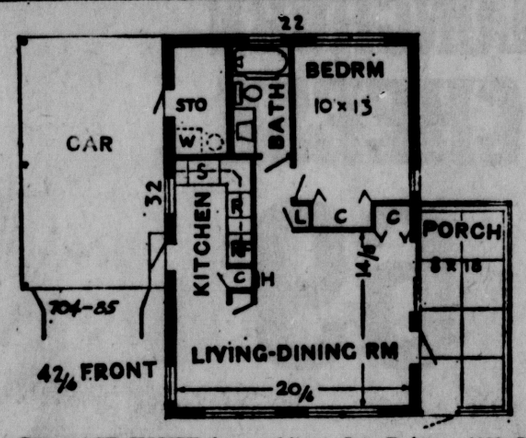
—:—

BUT THE woman's cup didn't run over until her husband wanted to do an adjacent room and they discovered the sealer and polish were available only at a store almost 20 miles away.

Would they please put the floor materials in the mail? "Oh, no, it would take too long," said kindly store proprietor, Tom Nolan. "I'll drop it off at your town within a few days. But are you sure now that you know how to use it. . . ."

"Do you know why floor people act like this?" said a 12-year old, intrigued by adult conversation about the performance of the trade. "They're just old - fashioned-nice. . ."

They are, sure enough.



COMPACT HOUSE by architect Jan Reiner, 1000 52nd St. North, St. Petersburg, Fla., was designed for the couple or individual who likes airiness and spaciousness without high cost of construction and without difficult upkeep. The shed roof allows for a 10-foot ceiling along the back. The living-dining room faces the street and is entered either through the kitchen (via the carport) or through the screened porch. The L-shape work counter in the kitchen is hidden from view from the living area. It can be screened further by a folding door. The 10 by 13 bedroom has cross ventilation and a five-foot closet with floor-to-ceiling bifold doors. A sizable storage room for laundry appliances, garden tools and work bench is accessible from the carport. Plan HA-531R has 704 square feet of living space.

Heating System Working Okay?

How's your heating system functioning? Do you have cold spots that your family avoids all winter? Are there drafts or noise? Do your fuel bills seem too high?

If any of these things are true, you need a new heating system. But during winter, of course, it is too cold for you to have the system shut down long enough to install a new one.

You can do the next best thing, the Plumbing - Heating-Cooling Information Bureau of Chicago points out. That's to find out how a modern system works and compare it with the performance of the one in your house. Many families become so accustomed to an inefficient system that they scarcely realize something better is available.

The modern hydronic heating system is clean, efficient, quiet and draftfree. Water heated by a boiler is piped to radiation in the various rooms, usually baseboard. The boiler looks like a modern appliance and takes up surprisingly little room. The wall - hugging baseboard makes furniture arranging easier.

The top - quality heating system is also zoned. This means that the house is divided into logical areas according to the activities there, each with its own thermostat connected to a zone valve at the boiler. Only as much heat as is dictated by its thermostat goes to each zone. Thus bedrooms can be made cool for sleeping, bathrooms kept warm at all times, etc.

Steel Faces Buying Surge

CLEVELAND (AP)—A week already has been added to delivery time for hot and cold rolled sheets and wide plates, and users soon may have to wait even longer for steel from mills because of a buying surge, Steel Magazine said today.

The surge is the result of purchasers heading against a possible strike by the United Steelworkers after the current union contract expires July 31, the weekly journal of metalworking said.

Over most product lines, orders are being booked this month at a much stronger than expected rate, Steel said.

Manufacturing consumers appear to be getting anxious about their inventories which on Dec. 1, according to government reports, were 1.4 million tons under a year ago in finished steel.

"One steelmaker who had anticipated a movement of 24 million tons in the first quarter and 27 million in the second quarter now thinks the industry will ship 25 milion tons in the first quarter and a whopping 29 million in the following three months," the magazine said.

Ingot output last week was estimated by Steel at 2,668,000 net tons, up 18,000 tons from the preceding week.

The magazine's composite price on No. 1 heavy melting grade of steelmaking scrap was unchanged from a revised figure of $31.83 a gross ton for the previous week.

Adhesive's Use When Attaching Panels Explained

AP Newsfeatures

Question: Would like to attach hardboard panels with adhesive rather than nails. Is there a special kind of adhesive that will do the job and will it really hold, for a period of years?

Answer: It is difficult to give a simple answer to this question because you have failed to give sufficient information. It is important to know, for instance, whether the panels will be applied to bare studding or to old walls. In the latter case, no matter how strong the adhesive, the effectiveness of the bond will depend on the solidity of the old wall.

If you are certain that it is strong enough to support what amounts to an additional wall, clean the surface to remove any dirt or grit that might interfere with the bonding. A special panel adhesive is then used.

It comes in cartridge form for use in a simple caulking gun or in a container for use with one of those notched trowels with which mastic is spread for the application of resilient floor tiles. This type of adhesive must set before it becomes effective.

The panelng, therefore, must be supported with T-braces or something similar to keep it steady until the adhesive sets, the length of time being determined by the instructions on the label. Many professional finishers use nails for this support, countersinking them or removing them after the adhesive has set.

Since you are determined not to use nails, you must find another method to keep the new wall tightly against the old for the recommended period of time.

If the hardboard panels are to be attached directly to studs, you may then use contact cement, brushing all contact areas with this molasses-like material. After waiting at least 30 minutes, press the panel against the studs in the desired position.

But, as is always the case with contact cement, the positioning must be exact the first time, since the bond takes place instantly.

Because this is so vital to a correct installation, it is better to have a friend assist you in holding the panel and placing it on the studding properly. Don't worry; it will hold indefinitely.

Women Get Gripes Off Their Minds

By VIVIAN BROWN
AP Newsfeatures Writer

This is "wretched husband" time of the year when women get together for a coffee bash. After all, in winter, it's a good subject to talk about, especially if he is a do-it yourselfer and has a flaw in his saw — or something.

There are wretched husband stories galore.

For example, there's the woman who can't have a picture window at the back of her house because her husband doesn't want to stare at the neighbor's garage. "But what's wrong with that, if I get a little more light?" she asks.

Actually, her husband provides the answer: Never, never put a picture window where you won't appreciate the view.

And that goes for people whose picture windows overlook busy thoroughfares. Silly, unless you want to live in a goldfish bowl.

—:—

ANOTHER husband - wife controversy involves an 8-week-old Corgi. It seems her husband brought one home just as they were at the end of enlarging their living room.

"Now he doesn't want to finish it off until the puppy is big enough to go outdoors (in the spring). He has even built a barrier in the living room and the place is a mess," she whimpers.

The answer to this one is: Never hound a dog - loving husband. Better to buy dog play pen than husband dog house.)

(And just think, he might have fallen for a Great Dane.)

—:—

ANOTHER woman is in a tizzy because her annual neighborhood pay-back party is foundering on the rocks. It seems her husband is determined to rip out a wall in their recreation room so that he can fix a roof leak.

"I've been trying to get him to do this for years," she wails, "but he has been putting it off. He chooses this particular time, he says, because the mood is upon him."

Confusion says there is no accounting for man's perversity. Women must cope. Postpone the party or drape the walls in ivy or psychedelic posters if the show must go on.

—:—

A WOMAN is having her floors scraped and this is causng all sorts of problems because as she says, "I engineered the project so I could sell my husband on very dark fashionable floors suggested by a decorator friend. But you won't believe it — he's never even noticed the floors before but is holding out for bowling - alley shiny - finished floors. I don't want old - fashioned floors."

Actually, she slipped on this one! His ideas are newer than hers which goes to prove that these days there is intelligent conversation to do with bowling alleys, although some people refer to the new slick floors as "gymnasium finish."

(This is a handsome finish for white, black or any color floor, so she can have her dark floors with an up-to-date beautiful bowling alley patina, and they'll both be happy.)

—:—

ANOTHER woman offers a warning to women who push their husbands into a do-it-yourself shop:

You may find he'll go on and on, and where he'll stop nobody knows, if he makes it a hobby. Her husband has used up vacation money for the next four years building all sorts of "extras" they don't need—wall paneling, built-in breakfront, and so on. . .

(This woman should direct her husband's efforts to more worthwhile projects such as building money stretchers. . .")

But there are women who push their husbands too far (like out the door) as one woman pointed out. Her husband is not a do-it-yourselfer, and she's glad.

That's Sound Advice For The Handyman

By ANDY LANG
AP Newsfeatures

Forget about that customary set of 10 home handyman resolutions for the new year.

Instead, let's consider a single resolution that might be worded this way:

I resolve to read and follow the instructions on the container of whatever I buy!

Don't throw up your hands in indignation. Of course — you say — you read the instructions. And, of course, you follow them. But do you, réally? Let's take a typical example.

—:—

A MAN purchases a can of paint. He takes it home and reads the directions on the back of the can. He discovers that the manufacturer recommends a particular kind of thinner, which he doesn't have on hand.

Not anxious to make another trip to the hardware or paint store, he uses the thinner he happens to have on hand. He has used it in the past and found it quite satisfactory, ignoring the fact that it was used with a different type of paint.

When the result isn't quite what he thought it would be, he blames the paint or, if he is the kind of person who lacks confidence in his own ability, he feels that he somehow failed to do the job properly because of his ineptness.

The examples of failure to follow instructions, whether deliberately or carelessly, are endless in their variety.

But there is one phase of this matter that affects the great majority of do-it-yourselfers. And it's the reason for the question of whether you really do follow instructions. To explain it, let's get back to that can of paint.

Assume that the purchaser followed the directions in every detail, including the use of the proper thinner. When he finished his project, he had half a can of paint left. Rare indeed is the occasion when the amount of paint and the surface to be covered come out even.

—:—

CAREFULLY tightening the cover on the paint can, the man placed it on a shelf and went on to other things.

During the next two or three months, he performed other do-it-yourself tasks, some of which involved the use of other paints, varnish, shellac, adhesives and waxes. Then, one day, he found a new use for the remainder of that paint he had placed on a shelf.

Did he read the instructions again? If he was like most of us, he did not, since once we have used a product we are inclined to feel that we know how to handle it.

What he did not realize was that, having used many other products since he bought the that were similar but not identical, he had only a general idea of its proper usage.

After all, paint is paint. But it really isn't. Not in this day and age, when there are literally thousands of different kinds of paint, each with its own particular properties and requiring strict adherence to definite procedures.

Perhaps, then, the single resolution for the new year should be lengthened to: I resolve to read and follow the instructions on the container of whatever I buy — every time I use it.

Sawyers To Discuss Collapse Of Bridge Before Assembly

CHARLESTON (AP) — State Road Commissioner Burl Sawyers appeared before both houses of the legislature today to discuss the Silver Bridge collapse at Point Pleasant.

Thirty-six persons died and at least 10 others are reported missing from the Dec. 15 tragedy.

Sawyers and aides are to appear before the Senate at 1:30 p.m. and the House at 3 p.m.

Legislators requested the meeting to learn what steps are being taken to discover the cause of the disaster and what the SRC is doing to prevent possible bridge collapses in the future.

Today marks the first full week the legislators will be in session since the 30-day session began Wednesday.

Two highway safety bills will be at amendment stage today. They could be the first bills passed by either chamber this session.

Six other bills will be up for routine first reading today. Five of the bills are part of an election law revision package. The bills were reported out of the lower chamber's Judiciary Committee on Friday.

Bills to require banks to pay interest on state time deposits and high school graduates to complete at least one vocational course were introduced into both chambers Friday.

State Treasurer John H. Kelly proposed the bill to make banks pay interest on state funds deposited in local banks. The requirement would not include demand or checking accounts.

West Virginia has never drawn interest on time deposits. Presently, the state has deposited funds for specified periods in 186 banks in West Virginia.

Gov. Hulett C. Smith recommended that pupils complete at least one vocational course before graduation from high school.

Although estimates vary, State School Supt. Rex M. Smith estimated it would cost $28 million to require students to complete a course "which will help provide the student with a salable skill and knowledge appropriate for employment in a recognized occupation."

Pennsylvania's Legislature Floor Heads Due Extra Pay

HARRISBURG (AP) — For the first time in the history of the legislature, the floor leaders will be receiving extra pay.

As a result of a bill signed into law by Gov. Shafer last week, the 18 officers from both the majority and minority sides will get raises.

Under the act, effective immediately, the four majority and minority floor leaders get an additional $8,500 a year to top the $7,200 salary and 4,800 expense allotment accorded to the rank-and-file membership.

The four assistant floor leaders were given an extra $4,000 apiece; the caucus chairmen, $3,500 and the caucus secretaries 2,500.

Previously, the House Speaker and Senate President Pro Tempore were the only officers to receive additional compensation.

Under this bill, their $9,000 extra salaries jumped to 10,500 for a total of $22,500 a year.

This bill was a companion measure to the controversial pension sweetener bill which Shafer vetoed earlier this month.

Nevertheless, the pay and pension of today's Pennsylvania legislators ranks favorably with other states and is a long shot from the situation in the 1870s.

The rank-and-file legislator in this state gets $12,000 a year. The Committee for Economic Development says this puts Pennsylvania fourth among the other states.

In 1874, they were paid $1,000 each biennium with 10 daily for each day beyond 100.

In recent years, the lawmakers have voted themselves pay increases and-or pension improvements every two or three years.

Since 1959, the legislators have altered their salary, expense or retirement scales no less than four tims.

The pension bill, approved the last day of the 1967 session, was originally designed to adjust the legislative pension base to coincide wth a $1,200 salary increase enacted two years earlier.

Along the legislative trail, however, it picked up several controvrsial amendments.

Shafer vetoed the measure because it contained no limit on the amount of pension available to veteran members of the leadership ranks.

They Really Love Their Work

A Visit With The 'Floor People'

By VIVIAN BROWN
AP Newsfeatures Writer

Try this New Year tonic when you are feeling absolutely done in about your home: have your floors refinished.

Floor finishers have poetry in their methods. The entire industry from lumber mill to polishing machine seems to be geared to make you love floors.

As one woman put it, they'll make you love a house you've begun to hate. Anyone who maintains sanity through excavation, framing installation and workman squabbles in a new house or addition deserves it, points out another woman who has just built a new house.

A tree never dies, it is breathing, they somehow keep reminding you. The tree lives on in glorious splendor, only now it is exposed in its beautiful grain for all to see on your floor. That is the message.

—:—

AND IT gets through. As another woman points out, you begin to see floors in a new light, like something that belongs in a showcase.

"I never use a machine to lay a floor," long-time carpenter Oliver Davis of Norwalk, Conn., told one woman. Oliver is adept at just about any carpentry (or other work) from floor to roof, but he loves floors. After meticulously laying narrow floor boards, he observed, "If you put it down by hand, you won't have marks or scratches."

He went on to put down a white oak plank floor in 4-6-8 inch widths with pegs. He nailed boards together, leaving a smidgen of space (about the width of a putty knife) between so that floors could breathe. Then he would scoot along the board on his knees to drill two holes in end boards (three for eight-inchers).

He would blow into the aperture to remove all the wood dust, then coat the peg with glue before inserting it, "but I musn't get a speck on the floor as it will show when the floors are stained," he observed.

Walnut pegs are a bit higher than the oak planks, but sanding flattens them.

"It is going to be beautiful," he would say from time to time, wiping away perspiration and looking down with pride at his workmanship.

—:—

A MAN purchases a can of paint. He takes it home and reads the directions on the back of the can. He discovers that the manufacturer recommends a particular kind of thinner, which he doesn't have on hand.

Not anxious to make another trip to the hardware or paint store, he uses the thinner he happens to have on hand. He has used it in the past and found it quite satisfactory, ignoring the fact that it was used with a different type of paint.

When the result isn't quite what he thought it would be, he blames the paint or, if he is the kind of person who lacks confidence in his own ability, he feels that he somehow failed to do the job properly because of his ineptness.

The examples of failure to follow instructions, whether deliberately or carelessly, are endless in their variety.

But there is one phase of this matter that affects the great majority of do-it-yourselfers. And it's the reason for the question of whether you really do follow instructions. To explain it, let's get back to that can of paint.

Assume that the purchaser followed the directions in every detail, including the use of the proper thinner. When he finished his project, he had half a can of paint left. Rare indeed is the occasion when the amount of paint and the surface to be covered come out even.

—:—

CAREFULLY tightening the cover on the paint can, the man placed it on a shelf and went on to other things.

During the next two or three months, he performed other do-it-yourself tasks, some of which involved the use of other paints, varnish, shellac, adhesives and waxes. Then, one day, he found a new use for the remainder of that paint he had placed on a shelf.

Did he read the instructions again? If he was like most of us, he did not, since once we have used a product we are inclined to feel that we know how to handle it.

What he did not realize was that, having used many other products since he bought the that were similar but not identical, he had only a general idea of its proper usage.

After all, paint is paint. But it really isn't. Not in this day and age, when there are literally thousands of different kinds of paint, each with its own particular properties and requiring strict adherence to definite procedures.

Perhaps, then, the single resolution for the new year should be lengthened to: I resolve to read and follow the instructions on the container of whatever I buy — every time I use it.

Sawyers To Discuss Collapse Of Bridge Before Assembly

CHARLESTON (AP) — State Road Commissioner Burl Sawyers appeared before both houses of the legislature today to discuss the Silver Bridge collapse at Point Pleasant.

Thirty-six persons died and at least 10 others are reported missing from the Dec. 15 tragedy.

Sawyers and aides are to appear before the Senate at 1:30 p.m. and the House at 3 p.m.

Legislators requested the meeting to learn what steps are being taken to discover the cause of the disaster and what the SRC is doing to prevent possible bridge collapses in the future.

Today marks the first full week the legislators will be in session since the 30-day session began Wednesday.

Two highway safety bills will be at amendment stage today. They could be the first bills passed by either chamber this session.

Six other bills will be up for routine first reading today. Five of the bills are part of an election law revision package. The bills were reported out of the lower chamber's Judiciary Committee on Friday.

Bills to require banks to pay interest on state time deposits and high school graduates to complete at least one vocational course were introduced into both chambers Friday.

State Treasurer John H. Kelly proposed the bill to make banks pay interest on state funds deposited in local banks. The requirement would not include demand or checking accounts.

West Virginia has never drawn interest on time deposits. Presently, the state has deposited funds for specified periods in 186 banks in West Virginia.

Gov. Hulett C. Smith recommended that pupils complete at least one vocational course before graduation from high school.

Although estimates vary, State School Supt. Rex M. Smith estimated it would cost $28 million to require students to complete a course "which will help provide the student with a salable skill and knowledge appropriate for employment in a recognized occupation."

Pennsylvania's Legislature Floor Heads Due Extra Pay

HARRISBURG (AP) — For the first time in the history of the legislature, the floor leaders will be receiving extra pay.

As a result of a bill signed into law by Gov. Shafer last week, the 18 officers from both the majority and minority sides will get raises.

Under the act, effective immediately, the four majority and minority floor leaders get an additional $8,500 a year to top the $7,200 salary and 4,800 expense allotment accorded to the rank-and-file membership.

The four assistant floor leaders were given an extra $4,000 apiece; the caucus chairmen, $3,500 and the caucus secretaries 2,500.

Previously, the House Speaker and Senate President Pro Tempore were the only officers to receive additional compensation.

Under this bill, their $9,000 extra salaries jumped to 10,500 for a total of $22,500 a year.

This bill was a companion measure to the controversial pension sweetener bill which Shafer vetoed earlier this month.

Nevertheless, the pay and pension of today's Pennsylvania legislators ranks favorably with other states and is a long shot from the situation in the 1870s.

The rank-and-file legislator in this state gets $12,000 a year. The Committee for Economic Development says this puts Pennsylvania fourth among the other states.

In 1874, they were paid $1,000 each biennium with 10 daily for each day beyond 100.

In recent years, the lawmakers have voted themselves pay increases and-or pension improvements every two or three years.

Since 1959, the legislators have altered their salary, expense or retirement scales no less than four tims.

The pension bill, approved the last day of the 1967 session, was originally designed to adjust the legislative pension base to coincide wth a $1,200 salary increase enacted two years earlier.

Along the legislative trail, however, it picked up several controvrsial amendments.

Shafer vetoed the measure because it contained no limit on the amount of pension available to veteran members of the leadership ranks.

Cluttered Look Vanishes

Bedroom Becomes More Than That

There's no doubt that the master bedroom suite is a success story. Nearly everyone buying a new home demands a master suite, no matter how modest the house may be.

General layout of the suite is changing, however. From it beginnings as a bedroom with attached bath, it has evolved into an apartment-like complex of well-designed spaces.

—:—

PERHAPS most significant is today's distinction between bedroom and dressing area. Wherever possible, dressing space is separated from the actual bedroom so that, with built-ins, all clothing storage is concentrated in one area. The system not only makes best use of space, but also provides hanging, drawer and shelf space tailored for specific articles of clothing.

With relocation of clothing storage and dressing space, the bedroom has become a bed - sitting room furnished with occasional chairs and tables in addition to the bed. And it has traded its fussy, overfurnished appearance for an uncluttered look.

Yet a sense of great warmth and comfort is generated through use of rich materials and colors. Carpeting, for example, is standard now, with the preference running to deep shags in jewel tones of ruby, topaz, sapphire or emerald. Draperies, bedspread and upholstered chairs are apt to be equally colorful.

Uncluttered Look Easy To Achieve.

—:—

WALLS, however, remain quiet. Wood paneling and white paint are favorites and are often used in combination. Among woods, straight-grained, light-toned softwoods like western hemlock are gaining popularity for their ability to enrich the room without dominating it.

Hemlock's champagne color makes it especially good as a backdrop for a vivid color scheme, and flush-joint panel boards laid either horizontally or vertically are a pleasing contrast to textured and patterned fabrics.

Appearance of the master suite has been changed a good deal, too, by connecting it to the outdoors through large window areas. And with a small lounge deck built outside at floor level, the suite gains another dimension in both livability and looks. A screen built around the deck and draperies or shutters at the windows will control privacy and light.

Realtors Wait State Session

COLUMBUS (Special)—Herbert H. Brown of Dayton will be installed as president of the Ohio Association of Real Estate Boards at the meeting here Wednesday through Friday.

Brown, a past president of the Dayton Area Board of Realtors and a former vice president of the state association, succeeds J. D. Sawyer of Middletown.

Other officers to be installed at the 17,000-member organization banquet Thursday are: Owen V. Hall of Celina, treasurer; Mrs. Thelma Jaqo of Mentor, chairman of the Sales Associate Section, and the following district vice presidents: William W. Holden, Geneva; James H. Bethel, Steubenville; Paul W. Baumberger, Mansfield; John W. Zachman, Perrysburg; Chester C. Sudbrack, Cincinnati, and Larry V. Loft, Portsmouth.

According to LeRoy Parsons, executive vice president, some 300 realtors and sales associates are expected at the three-day session, which will begin with meetings of the steering committee of the Realtors' Ohio Committee and the executive committee on Wednesday.

In addition to the installation banquet, other meetings on Thursday will include the Ohio Women's Council, Ohio Chapter, National Institute of Farm and Land Brokers; Ohio Trade and Exchange Association; Sales Associate Section, and an all-day conference for presidents and secretaries of Ohio's 76 real estate boards.

Standing committees and the Board of Trustees will meet Friday.

Gilligan Wins Party Backing, Opens Campaign

COLUMBUS, Ohio (AP) — With an endorsement from the Ohio Democratic Party organization tucked in his pocket, John J. Gilligan opens his campaign in full force today to win the U. S. Senate nomination over incumbent Frank J. Lausche.

The former congressman was in Cleveland today to consult with party leaders, and tonight is scheduled to be in Akron to meet with the Summit County Democratic Central Committee.

Gilligan, 46, returns to Cleveland Tuesday for "two or three speeches," and then goes to Cincinnati Wednesday for a City Council meeting. Gilligan is a Cincinnati councilman.

He is scheduled to speak in Zanesville Wednesday night, and then go to Washington Thursday and Friday to participate on a panel discussion with civil rights leaders.

Pennsylvania Set Lease Drilling Rights In Lake

PITTSBURGH (AP)—No gas or oil strike has ever been made in Pennsylvania's lake waters. But the state is reported ready to lease drilling rights in the offshore waters of Lake Erie to anyone who wants to dig a hole and find out what's under the lake bed.

More than 30 oil and natural gas companies are reported interested in exploring the nearly half-million acres in the shallowest of the Great Lakes.

Earl Tarr, director of the Minerals Division of Pennsylvania's Department of Forests and Waters, figures the lake is worth trying because of a projected shortage of natural gas in the long range picture. The department is in charge of the leasing.

Over 250 producing natural gas wells have been developed on the Canadian side of the lake. New York and Ohio also are considering leasing their offshore rights.

Plywood Is Versatile, But Presents Problems

Newspaper Enterprise Assn.

Obviously you cannot have wood construction without wood—but natural wood is not always suitable in every way.

If wide and thin, it may warp and twist. Wide lumber is also difficult and expensive to obtain. After all, there are only so many large trees.

The disadvantages of wood in wide and thin sizes have been overcome in plywood. It is not a new idea. Wood veneers go far back in history.

But with modern manufacturing, the early examples of veneering have been vastly improved upon until today's plywood is so strong you can use it in even heavy construction such as housing.

—:—

UNDERSTANDING the nature and construction of plywood will help you select the right type and aid in learning the proper techniques for working with it.

Plywood consists of thin sheets of natural wood glued with plastic resins under heat and pressure. The grain of each layer runs at right angle to the grain of the next. This cross-grain construction gives plywood its tremendous strength.

Logs are peeled on giant lathes to get this extra-dimension lumber that would be scarce by any other method. It is this peeling that produces the wild grain. This is rotary cut plywood.

For more impressive grain, a log may be flat sliced—cut in half and sliced by a razor-sharp blade into thin sheets.

For a grain that runs straight for the length of the veneer, there is quarter slicing—quartering the log and then slicing. These latter two methods produce more expensive plywood.

Otherwise, plywood is available as softwood or hardwood, just as is natural lumber. Beyond this there are interior and exterior grades, with the exterior grade being bonded with resins that are absolutely waterproof.

—:—

THERE ARE other surfaces, other varieties, limited only by the ingenuity of the manufacturers.

When you work with plywood, take advantage of the fact that it comes in large sheets (generally 4-by-8 feet) and lay out your work, arranging the pieces so that little lumber will be wasted.

See to it that the good side of the plywood is the one not damaged. Remember that the point of each saw tooth must enter the wood on the surface you plan to leave exposed. The other surface will be the one to splinter.

Therefore, always mark your pattern or cutting line on the better face of the plywood unless you are using a portable power saw. In this case, mark the other side and keep the good face down when cutting.

—:—

WHEN USING a hand or table saw, keep the good face up.

On a power saw, use a fine-toothed blade without much set. The blade should be just high enough to protrude above the plywood by the height of the teeth.

If you must plane an edge, press the blade against the finish side first and angle toward the centerline of the wood. Use short strokes. Avoid making the blade go out to the opposite side. When done on one edge, work in from the opposite edge.

If sanding is necessary, sand in the direction of the grain.

Tips Are Offered In Water Puzzle

Question: About two weeks after we moved into our house, we found water on the floor of our basement on two sides during a very heavy rain. It seemed to be coming in at the point where the floor and walls meet.

On those two sides of the house, water collects in large quantities alongside the foundation. Most of it seems to come down from the roof overhangs, as there are no gutters and leaders.

The house is about 10 years old. Don't building regulations specify that gutters and leaders are necessary? Can we hold the previous owners responsible for the several hundred dollars we now will be forced to spend for these attachments?

—:—

ANSWER: Answering your last question first, you have no case, as you knew the house lacked gutters and leaders when you bought it and since you would find it impossible to prove fraud or deliberate intent to deceive.

The fact that the water collects only on two sides of the house seems to indicate that the soil on those two sides needs regrading; that is, resloping the soil there so that it is higher next to the house. Sometimes this alone will correct the condition.

If it doesn't, then the installation of gutters and leaders will prove a good investment, although the regrading, at periodic intervals if necessary, should not be neglected.

Be sure the installers place the leaders or downspouts in the proper position so that the water coming out of them flows away from the house and not towards it. As for the necessity of gutters and leaders, the codes in different areas vary. In some places, they are not required at all.

In most places, the regulations specify that the gutters and leaders can be omitted if certain other rules are followed, as for example, that the overhangs must be a specific number of inches over the side walls.

When these drainage items are not used, it is important that the water flowing off the overhangs is quickly carried away by the slope of the soil. If it isn't, the problem you have can occur.

Iron Handrail Will Provide New Security

By DOUGLAS TUOMEY

The average house will have one or more short and perhaps steep stairways. In many cases there will be a wood handrail which has seen its best days and often will be shaky and insecure.

Household accidents of a serious nature frequetly can be traced to this particular defect, as we have the habit of relying upon handrails when using stairs.

This type of rail should be replaced by a wrought - iron unit which will never weaken or deteriorate with age and use and which any home owner can install with ease.

The rail is made of a length of 1½ inch by ¼ flat iron strip, bent at the upper end to form a flange which rests against the wall and bent at the lower end to form a graceful curve which flanges out to rest upon the lower step.

One center or intermediate support is fashioned to match the lower end of the rail and is welded to it. Where the rail or center support touches the wall or steps, it is drilled to take a substantial screw at leat 2 inches long. Any iron worker or blacksmith can bend the strip, make the weld and drill the holes in no time flat. All he needs from you is a sketch showing the length, height and angle of the job.

While primarily intended for use in connection with wood stairs and construction, the same design can be used where masonry is present. In this case, expanion bolts are set in the masonry in place of screws.

The rail will never require repair if properly installed.

Reds Rely On Small Ships To Supply North Vietnam

By FRED S. HOFFMAN
AP Military Writer

WASHINGTON (AP) — The Communists are being forced to rely heavily on small ships to supply North Vietnam because silt is choking channels and waterways leadng into the major port of Haiphong, U.S. intelligence sources say.

They said this means the Communists must use many more vessels than previously.

In peacetime, the approaches to Haiphong were kept open for big ships by constant dredging of the approaches.

But the sources said Sunday the Communists apparently are having increasing difficulty carrying out the necessary amount of dredging. They gave no reason for this except to cite "wartime conditions."

"Silting has become a real problem," one expert said. "Haiphong is a bad harbor to get into.

"You see very few of the bigger ships going in these days. North Vietnam needs small ships."

Vessels up to 10,000 tons used to be common sights in the Haiphong harbor, the sources said, but now ships in the 5,000-6,000 ton range and smaller are needed to haul petroleum, food and other cargo to support the Communist war effort.

Statistics on merchant ship arrivals in North Vietnam show Soviet vessels called there 185 times in 1967—more than twice as many times as in 1965 and an increase of 63 times over 1966.

Experts said this was traceable in part to the requirement for smaller ships as well as an increase in Soviet aide to North Vietnam.

Normally secret shipping statistics, made public by Rep. Charles Chamberlain, R-Mich., show the number of non-Communist ship arrivals rose slightly last year. The 1967 total reached 78 arrivals, an increase of 4 over 1966 but still well down from the peak of 401 in 1964.

The United States has applied steady pressure against allies and other non-Communist countries in an effort to cut off this source of shipping to North Vietnam.

Two More Cardinals Quit Vatican Posts

VATICAN CITY (AP) — Two more cardinals have quit their posts in the central government of the Roman Catholic Church as part of Pope Paul's reorganization. The Pope named an American, Francis Cardinal Brennan, to succeed one of them.

Cardinal Brennan, 72 and a native of Shenandoah, Pa., has been dean of the Sacred Rota. He succeeds Benedetto Aloisi Cardinal Masella as prefect of the Congregation for the Discipline of Sacraments.

Gustavo Cardinal Testa, secretary of the Congregation for the Oriental Church, also resigned. Maximilian Cardinal de Furstenberg of the Netherlands was named to succeed him.

Five cardinals have now resigned from the Vatican Curia, the central government of the church, since Jan. 8.

ANSWER: Answering your last question first, you have no case, as you knew the house lacked gutters and leaders when you bought it and since you would find it impossible to prove fraud or deliberate intent to deceive.

The fact that the water collects only on two sides of the house seems to indicate that the soil on those two sides needs regrading; that is, resloping the soil there so that it is higher next to the house. Sometimes this alone will correct the condition.

If it doesn't, then the installation of gutters and leaders will prove a good investment, although the regrading, at periodic intervals if necessary, should not be neglected.

Be sure the installers place the leaders or downspouts in the proper position so that the water coming out of them flows away from the house and not towards it. As for the necessity of gutters and leaders, the codes in different areas vary. In some places, they are not required at all.

In most places, the regulations specify that the gutters and leaders can be omitted if certain other rules are followed, as for example, that the overhangs must be a specific number of inches over the side walls.

When these drainage items are not used, it is important that the water flowing off the overhangs is quickly carried away by the slope of the soil. If it isn't, the problem you have can occur.

Iron Handrail Will Provide New Security

By DOUGLAS TUOMEY

The average house will have one or more short and perhaps steep stairways. In many cases there will be a wood handrail which has seen its best days and often will be shaky and insecure.

Household accidents of a serious nature frequetly can be traced to this particular defect, as we have the habit of relying upon handrails when using stairs.

This type of rail should be replaced by a wrought - iron unit which will never weaken or deteriorate with age and use and which any home owner can install with ease.

The rail is made of a length of 1½ inch by ¼ flat iron strip, bent at the upper end to form a flange which rests against the wall and bent at the lower end to form a graceful curve which flanges out to rest upon the lower step.

One center or intermediate support is fashioned to match the lower end of the rail and is welded to it. Where the rail or center support touches the wall or steps, it is drilled to take a substantial screw at leat 2 inches long. Any iron worker or blacksmith can bend the strip, make the weld and drill the holes in no time flat. All he needs from you is a sketch showing the length, height and angle of the job.

While primarily intended for use in connection with wood stairs and construction, the same design can be used where masonry is present. In this case, expanion bolts are set in the masonry in place of screws.

The rail will never require repair if properly installed.

Reds Rely On Small Ships To Supply North Vietnam

By FRED S. HOFFMAN
AP Military Writer

WASHINGTON (AP) — The Communists are being forced to rely heavily on small ships to supply North Vietnam because silt is choking channels and waterways leadng into the major port of Haiphong, U.S. intelligence sources say.

They said this means the Communists must use many more vessels than previously.

In peacetime, the approaches to Haiphong were kept open for big ships by constant dredging of the approaches.

But the sources said Sunday the Communists apparently are having increasing difficulty carrying out the necessary amount of dredging. They gave no reason for this except to cite "wartime conditions."

"Silting has become a real problem," one expert said. "Haiphong is a bad harbor to get into.

"You see very few of the bigger ships going in these days. North Vietnam needs small ships."

Vessels up to 10,000 tons used to be common sights in the Haiphong harbor, the sources said, but now ships in the 5,000-6,000 ton range and smaller are needed to haul petroleum, food and other cargo to support the Communist war effort.

Statistics on merchant ship arrivals in North Vietnam show Soviet vessels called there 185 times in 1967—more than twice as many times as in 1965 and an increase of 63 times over 1966.

Experts said this was traceable in part to the requirement for smaller ships as well as an increase in Soviet aide to North Vietnam.

Normally secret shipping statistics, made public by Rep. Charles Chamberlain, R-Mich., show the number of non-Communist ship arrivals rose slightly last year. The 1967 total reached 78 arrivals, an increase of 4 over 1966 but still well down from the peak of 401 in 1964.

The United States has applied steady pressure against allies and other non-Communist countries in an effort to cut off this source of shipping to North Vietnam.

Two More Cardinals Quit Vatican Posts

VATICAN CITY (AP) — Two more cardinals have quit their posts in the central government of the Roman Catholic Church as part of Pope Paul's reorganization. The Pope named an American, Francis Cardinal Brennan, to succeed one of them.

Cardinal Brennan, 72 and a native of Shenandoah, Pa., has been dean of the Sacred Rota. He succeeds Benedetto Aloisi Cardinal Masella as prefect of the Congregation for the Discipline of Sacraments.

Gustavo Cardinal Testa, secretary of the Congregation for the Oriental Church, also resigned. Maximilian Cardinal de Furstenberg of the Netherlands was named to succeed him.

Five cardinals have now resigned from the Vatican Curia, the central government of the church, since Jan. 8.

Sharp-Shooting Salem Smothers Wellsville 77-58

Sports Whirled

One of the most exciting basketball games for a long time, on TV or anywhere else, was West Virginia's 89-86 win over Davidson at Morgantown Saturday afternoon.

Down 17 points in the second half, the Mountaineers rallied to get within four with four minutes to go. But Davidson regained control and seemed to have it wrapped up with a nine-point lead and less than two minutes left. The Wildcats started throwing the ball away, however, and West Virginia not only tied the game but missed a free throw and an easy shot that would have ended the game in regulation time.

The Mountaineers continued their momentum in the overtime, never trailing, to win by three. Ron Williams was simply magnificent throughout, connecting for 30 points on a wide variety of shots from all over the floor. Sophomore Bob Hummell of Moundsville had his best varsity game, scoring 25, many of them crucial long shots near the end of the regulation.

As Hot Rod Hundley, who was doing the color on TV, said, the home crowd makes a difference. The Mountaineers have lost only 25 games at Morgantown in 23 years, as it's almost conceivable that they could take UCLA there. But not quite. As one West Coast coach said, UCLA is overrated at No. 1. The Bruins should be rated No. 4 in the country — right behind the 76ers, Celtics and Warriors. This was borne out Saturday night when UCLA easily beat Stanford — without Lew Alcindor. Alcindor suffered an eye injury Friday night, but he is expected to be ready for Saturday's big game with Houston in the Astrodome.

"The Game of the Century" tag applied to this meeting is not much of an overstatement. UCLA, almost certainly the best college team of all time, will meet its chief challenger in Houston. The Astrodome's 52,000 seats have been sold out and the game will be televised. In this area it will be on Channel 27 at 9 p.m. An ironic note about playing in the Astrodome is that the floor had to be imported — from the Los Angeles Sports Arena, where UCLA has played several times already this season.

IT WAS A shame the Penguins had to make their debut Saturday on national TV in one of their poorest games of the season, a 7-0 rout by Toronto. It was hard to believe that Pittsburgh won 4-3 when the two clubs met in Pittsburgh the night before.

If you don't think hockey is popular, just turn on the radio. The other night I picked up four NHL games (out of the five being played that night) plus an International League game. I also heard the Pipers at Dallas game on the radio — on a Dallas station.

ALLEN HORNYAK of Bellaire St. John's scored 49 points on Friday night for a school record. Not content with that, however, he went out Saturday night and threw in 61, as S. John's routed Bellaire High 114-65. He had 40 points in the second half.

IT WAS A lost weekend as far as followers of Steubenville's Big Red were concerned. Not only did they lose to East Liverpool Friday night, but they were defeated at Follansbee Saturday night 82-77.

ALIQUIPPA'S Chad Calabria had 12 points as Iowa ralled from a 13-point deficit to knock off Ohio State 74-72 in overtime Saturday.

East Liverpool's Joe Massey scored 3 points as Thiel was edged 50-47 by Washington and Jefferson Saturday night. The Tomcats, coached by Bud Manes of East Liverpool, are 4-5 on the season.

Duquesne had its troubles when it traveled to New Wilmington Saturday night, but pulled out a 71-66 win over Westminster. Bill Zopf of Monaca had 14 for the Dukes and Mike Drespling of New Castle scored 18 for the Titans.

Big Rick Liber Leads Visitors

Salem shot 70 per cent in the first period to take a 28-16 lead and went on to whip Wellsville 77-58 on the loser's court Saturday night.

John Cabas' Quakers hit 14 of 20 in the initial period, had a 55 per cent mark for the first half and 45 per cent for the game as they evened their record at 6-6 with their third straight win. Wellsville dropped its fourth straight and is now 4-7.

Big Rick Liber, Salem's 6-5 center who seems to have gotten over his bout with mononucleosis, dropped in 18 points, and was aided by 14 by Scott Cody, 12 by George Spack and 11 by Mark Equizi. Paul Hood had 15 for the losers, with Dan Sedor getting 13 and Tom McClain 12. Liber had 11 rebounds to lead Salem to a 49-45 edge in that department, and McClain led the Tigers with 10, far below his average of 18. Salem also committed less turnovers, 16 to 11. Wellsville shot a respectable 42 per cent, but got 23 less attempts at the basket.

Both teams pressed most of the game, but Salem got through for a lot of easy fast-break buckets. Spack and Cody both 5-7 guards, proved to be extremely quick and ran by Tiger defenders. When they weren't making fast break baskets they were hitting on long shots. Liber got most of his points on drives on follow-ups.

With the score 6-4 Salem the Quakers scored four quick baskets and it was never close again. The score was doubled as late as 37-18, and the margin reached 67-40 and 73-46 before a flurry by Hood at the end of the game.

In the reserve game, Wellsville won 66-58 in a wild and wooly affair. There were 45 fouls called, 66 foul shots attempted, and 57 turnovers committed, including an ulcer-producing 36 by Salem, as both teams fast-broke continually.

The win ran Wellsville's record to 8-2, while Salem is now 10-2. Its previous loss was by two points to Newark. Salem hit 49 per cent to 33 per cent by the winners, but had 23 less shots because of the turnovers. Rich Ross had 18, Paul Martin 16 and Bill Miller and John Bobalik 10 each for the winners, while Larry Hrvatin and Jack Detwiler had 13 each and John Shivers 10 for the losers. Martin grabbed 14 rebounds, Miller 10 and Shivers 12.

Wellsville jumped off to a 12-6 lead, but trailed 19-16 at the end of the first period. With the score tied at 20 the Tigers ran off 12 points and boosted it to 36-22 as the second half started. It was up to 54-39 early in the fourth quarter but Detwiler scored nine points while Wellsville got one to make it 55-48. The losers couldn't get any closer, however.

Chip Shot Wins Golf For Pott

By ROBERT MYERS

PEBBLE BEACH, Calif. (AP) — The first time Johnny Pott played the 15th hole at Pebble Beach Sunday he won confidence.

The second time he won $16,000 and victory in the Bing Crosby Golf Tournament.

His 25-foot chip for a birdie was the money shot but he thought a blast out of the sand an hour earlier and 10 feet away was better.

"I hit a good chip," said the happy 32-year-old from Broadwater Beach, Miss., after whipping Billy Casper and Bruce Devlin in a sudden-death playoff. "But the shot out of the sand on the 15th was a great shot."

Pott—if they had held a vote—would have won the "most unlikely to make a playoff" plaque after 10 holes of the final day of Bing's $104,500 clambake. He had blown a three-stroke lead at the start of Sunday's play and was four strokes down to Casper and three to Devlin.

"I never did get dejected," Pott said. "I wasn't doing anything right but anything can happen."

It did. After four bogeys through 10, John said he began to get the feeling. On 12, he sank a 12-footer for a birdie—"the first thing I'd really done right all day." Then came No. 15—the later scene of his playoff—and he hit his second shot into a trap alongside the green.

Confidence regained, he birdied 16 and 17 and came home with a four-day score of 285, equal to Casper and Devlin.

Pott and his playoff mates went back to friendly 15, first hole of the sudden death. On their second shots, Casper knocked his ball six feet from the pin, Devlin was 50 feet away on the edge of the green and Pott, with an 8-iron, was in a little ridge of fringe grass to the right—a couple of club lengths from Johnny's earlier "great shot."

"I had a pretty good feeling . . . I thought I might make it," he said.

Casper missed his six-footer and Pott, smiling his best toothsome smile, was a tournament champion for the first time since 1963.

He also got $2,700 for winning the pro-amateur title with partner Virgil Sherrill, a New York stockbroker. They had a four-day best-ball total of 253, four strokes ahead of Casper and amateur Bob Dickson.

Casper and Devlin split the second and third pro division money for $7,800 apiece.

Pott, who led the tournament after the second and third rounds—playing Pebble Beach, Cypress Point and treacherous Spyglass Hill—saw his putter fall him on the opening holes Sunday.

He three-putted two holes and overshot the green on another to make the nine-hole turn three-over par for the day.

Pott also three-putted the 10th.

Casper put together three birdies on the front nine to whiz past Pott—he trailed Johnny by three going into the round—and birdied 10 to all but seal Pott. Then Billy's putter began to fail. In five holes on the back side he missed birdie putts.

Devlin had started three strokes back of Pott Sunday in the first tournament of his comeback effort after a disastrous 1967. He passed Johnny and built a one-stroke margin over Casper until he overshot the 15th green and took a bogey.

Leetonia Nips Sebring With Balanced Scoring

LEETONIA — The Bears of Leetonia won their second close Tri-County League game in as many nights here Saturday night, edging Sebring 59-56.

Art Kovacs' club is now 5-4 on the season, 2-2 in league play. Sebring is 3-5 overall, but has dropped all four loop encounters.

The winners got balanced scoring, with Allen Gibson netting 14, Ed Casey and Jay Bland 13 each and Dan Bell 10. Greg Wilson had 18, Greg Gadd 15 and Bob Patterson 10 for the losers.

The game was close all the way. After ties at 46, 48 and 50, Ken DiCross made a foul to put the Bears ahead with 3:30 left and they never lost the advantage.

Casey was a tower of strength on the boards, grabbing 25 rebounds as Leetonia had a 55-35 edge in that department. Gadd had 10 for the losers. Sebring shot 33 per cent to 31 per cent for Leetonia, but the home team got 16 more attempts.

Leetonia won the reserve game 35-39 as Rick Shriver scored 10.

Pierce Posts 7-1 Mark, Grabs Yogi Leadership

With the scheduled somewhat curtailed by the weather, the Review Cage Yogis showed a consensus mark of 7-1 for the week.

Turk Pierce, who was with the consensus in every case, forged into the lead, as previous leader Tom Futhey went 5-3. Bob Shaffer also went 7-1, to tie for second. Bob Duffy and Rose Nuzzo each were 6-2.

The downfall of Pierce and the consensus was Oak Glen's 72-59 win over Wellsville. Shaffer missed only on East Liverpool's 52-47 defeat of Steubenville. Duffy also fell with Big Red, and was wrong in picking Southern Local, which dropped a 72-54 decision to Crestview.

Nuzzo was wrong on Wellsville and Columbiana, which fell to Lisbon 63-45. Futhey missed those two plus Wellsville again Saturday in its 77-58 loss to Salem.

Everyone was right on Beaver Local, a 77-62 winner over Toronto; New Brighton, which whipped Midland 96-65; and East Palestine, which triumphed 63-52 over Poland.

UCLA, Houston Gird For Showdown

Florida Upsets Kentucky

By MIKE RECHT
Associated Press Sports Writer

The final countdown has begun for college basketball's version of the Super Bowl—the collision between UCLA and Houston in the Astrodome Saturday. The big question now is: will Lew Alcindor be ready for the blast off?

Some 50,000 people—an all-time record for a college game—will swarm into building to watch the clash between the No. 1 ranked Bruins and No. 2 rated Cougars, but an eye injury to Alcindor has left them and the rest of the country's cage fans wondering if big Lew will only be watching, too.

The 7-foot-1½ UCLA All-American took an accidental jab in the eye last Friday in an easy 94-64 victory over California and sat out with blurred vision in Saturday's less impressive 75-63 triumph over Stanford.

A doctor at the Stanford clinic called the injury "an extremely superficial abrasion" on the surface of the left eyeball and said Alcindor would likely be ready for Houston. More should be known by Thursday when the Bruins tune up against visiting Portland.

Several other Top Ten teams will set the stage for the big game with less heralded meetings against tough opponents.

Kentucky, 9-2, fourth ranked before its 96-78 loss at Florida Saturday night, takes on Georgia, another rough Southwestern Conference foe, tonight at Lexington, while Florida gets shots at Tennessee, No. 5, tonight in Knoxville and Saturday at home. Tennessee, 9-1, stopped Georgia 77-72 Saturday.

Utah, No. 6 with a 13-1 record after nipping Arizona 83-77 in overtime, travels to unbeaten New Mexico, No. 9, which wiped out Wyoming 81-65. Columbia, No. 10, meets Cornell Saturday after bombing Colgate 94-68 for a 10-3 mark.

Third-ranked North Carolina, 11-1, idle this week, walloped Clemson 115-83, unbeaten St. Bonaventure, No. 7, was idle and Vanderbilt, 11-3 and ranked eighth, bounced Mississippi 96-70.

Houston, 16-0, crushed West Texas 98-53 in its tune up for UCLA when the Cougars will be seeking revenge for its last loss, to the Bruins 73-58 in last year's NCAA semifinals.

No titles are at stake Saturday, but the No. 1 ranking and plenty of prestige will be up for grabs, along with another duel between Alcindor, if he plays, and Houston's 6-8 Elvin Hayes. Also hanging in the balance will be UCLA's winning streak that would stand at 47 with a victory over Portland.

The Bruins made Stanford No. 46 as Alcindor's replacement, Mike Lynn, dropped in 17 points and grabbed nine rebounds. UCLA led 46-22 at the half before the Indians rallied.

Hayes paced Houston with 31 points.

Neal Walk, 6-11, led Florida's upset over Kentucky, scoring 19 of his 28 points in the first half when the Gators took a 43-33 lead and coasted.

Reserve sophomore John Hunter scored three early overtime points that put Utah ahead to stay, and Tennessee took the SEC lead behind 22 points by Bill Justus. Larry Miller's 30 points and North Carolina's 57.8 per cent shooting from the floor stopped Clemson.

Jim McMillian scored 30 points and Dave Newmark 26 to lead Columbia. Ron Nelson had 30 for New Mexico.

Other top performances were turned in by Niagara's sterling sophomore, Cal Murphy, who scored 48 points in a 95-74 victory over Canisius, and Ron Williams, who dropped 30 points to lead West Virginia from 17 points down to an 89-86 overtime triumph over Davidson.

Southern Loses 11th Straight

33 Points In 3rd Period Gives Springfield Win

Southern Local held a 36-29 halftime lead but were outscored 33-9 in the third period and fell 84-65 at Springfield Saturday night.

The Indians got into foul trouble, as both George Thompson and Frank Francis had four personals in the first half. They eventually fouled out, as did Dave Smith and Rob Carter. Carter was high scorer with 17 points, while Jim Bettis added 12 and Thompson and Francis 10 each. Thompson got all his points in the first period.

Ken Gordon led the winners with 21, while Jack McConnaughy had 20 and Larry Wiley 18. In the first half the Flying Tigers hit only 8 of 30 shots, but came back with 21 of 43 in the second half. They shot 40 per cent for the game to 33 per cent for the losers.

Francis had 15 rebounds and Bettis and Carter 12 each.

The loss was the 11th straight for Southern. Springfield is 8-2, 5-1 in Buckeye Border Conference play.

The reserve contest went to the Tigers 89-58. Bill Morgan had 17 for the winners and Bob Smith 16 for the losers.

Sports Whirled

One of the most exciting basketball games for a long time, on TV or anywhere else, was West Virginia's 89-86 win over Davidson at Morgantown Saturday afternoon.

Down 17 points in the second half, the Mountaineers rallied to get within four with four minutes to go. But Davidson regained control and seemed to have it wrapped up with a nine-point lead and less than two minutes left. The Wildcats started throwing the ball away, however, and West Virginia not only tied the game but missed a free throw and an easy shot that would have ended the game in regulation time.

The Mountaineers continued their momentum in the overtime, never trailing, to win by three. Ron Williams was simply magnificent throughout, connecting for 30 points on a wide variety of shots from all over the floor. Sophomore Bob Hummell of Moundsville had his best varsity game, scoring 25, many of them crucial long shots near the end of the regulation.

As Hot Rod Hundley, who was doing the color on TV, said, the home crowd makes a difference. The Mountaineers have lost only 25 games at Morgantown in 23 years, as it's almost conceivable that they could take UCLA there. But not quite. As one West Coast coach said, UCLA is overrated at No. 1. The Bruins should be rated No. 4 in the country — right behind the 76ers, Celtics and Warriors. This was borne out Saturday night when UCLA easily beat Stanford — without Lew Alcindor. Alcindor suffered an eye injury Friday night, but he is expected to be ready for Saturday's big game with Houston in the Astrodome.

"The Game of the Century" tag applied to this meeting is not much of an overstatement. UCLA, almost certainly the best college team of all time, will meet its chief challenger in Houston. The Astrodome's 52,000 seats have been sold out and the game will be televised. In this area it will be on Channel 27 at 9 p.m. An ironic note about playing in the Astrodome is that the floor had to be imported — from the Los Angeles Sports Arena, where UCLA has played several times already this season.

IT WAS A shame the Penguins had to make their debut Saturday on national TV in one of their poorest games of the season, a 7-0 rout by Toronto. It was hard to believe that Pittsburgh won 4-3 when the two clubs met in Pittsburgh the night before.

If you don't think hockey is popular, just turn on the radio. The other night I picked up four NHL games (out of the five being played that night) plus an International League game. I also heard the Pipers at Dallas game on the radio — on a Dallas station.

ALLEN HORNYAK of Bellaire St. John's scored 49 points on Friday night for a school record. Not content with that, however, he went out Saturday night and threw in 61, as S. John's routed Bellaire High 114-65. He had 40 points in the second half.

IT WAS A lost weekend as far as followers of Steubenville's Big Red were concerned. Not only did they lose to East Liverpool Friday night, but they were defeated at Follansbee Saturday night 82-77.

ALIQUIPPA'S Chad Calabria had 12 points as Iowa ralled from a 13-point deficit to knock off Ohio State 74-72 in overtime Saturday.

East Liverpool's Joe Massey scored 3 points as Thiel was edged 50-47 by Washington and Jefferson Saturday night. The Tomcats, coached by Bud Manes of East Liverpool, are 4-5 on the season.

Duquesne had its troubles when it traveled to New Wilmington Saturday night, but pulled out a 71-66 win over Westminster. Bill Zopf of Monaca had 14 for the Dukes and Mike Dresplng of New Castle scored 18 for the Titans.

Big Rick Liber Leads Visitors

By TURK PIERCE

Salem shot 70 per cent in the first period to take a 28-16 lead and went on to whip Wellsville 77-58 on the loser's court Saturday night.

John Cabas' Quakers hit 14 of 20 in the initial period, had a 55 per cent mark for the first half and 45 per cent for the game as they evened their record at 6-6 with their third straight win. Wellsville dropped its fourth straight and is now 4-7.

Big Rick Liber, Salem's 6-5 center who seems to have gotten over his bout with mononucleosis, dropped in 18 points, and was aided by 14 by Scott Cody, 12 by George Spack and 11 by Mark Equizi. Paul Hood had 15 for the losers, with Dan Sedor getting 13 and Tom McClain 12. Liber had 11 rebounds to lead Salem to a 49-45 edge in that department, and McClain led the Tigers with 10, far below his average of 18. Salem also committed less turnovers, 16 to 11. Wellsville shot a respectable 42 per cent, but got 23 less attempts at the basket.

Both teams pressed most of the game, but Salem got through for a lot of easy fastbreak buckets. Spack and Cody both 5-7 guards, proved to be extremely quick and ran by Tiger defenders. When they weren't making fast break baskets they were hitting on long shots. Liber got most of his points on drives on follow-ups.

With the score 6-4 Salem the Quakers scored four quick baskets and it was never close again. The score was doubled as late as 37-18, and the margin reached 67-40 and 73-46 before a flurry by Hood at the end of the game.

In the reserve game, Wellsville won 66-58 in a wild and wooly affair. There were 45 fouls called, 66 foul shots attempted, and 57 turnovers committed, including an ulcer-producing 36 by Salem, as both teams fast-broke continually.

The win ran Wellsville's record to 8-2, while Salem is now 10-2. Its previous loss was by two points to Newark. Salem hit 49 per cent to 33 per cent by the winners, but had 23 less shots because of the turnovers. Rich Ross had 18, Paul Martin 16 and Bill Miller and John Bobalik 10 each for the winners, while Larry Hrvatin and Jack Detwiler had 13 each and John Shivers 10 for the losers. Martin grabbed 14 rebounds, Miller 10 and Shivers 12.

Wellsville jumped off to a 12-6 lead, but trailed 19-16 at the end of the first period. With the score tied at 20 the Tigers ran off 12 points and boosted it to 36-22 as the second half started. It was up to 54-39 early in the fourth quarter but Detwiler scored nine points while Wellsville got one to make it 55-48. The losers couldn't get any closer, however.

Chip Shot Wins Golf For Pott

By ROBERT MYERS

PEBBLE BEACH, Calif. (AP) — The first time Johnny Pott played the 15th hole at Pebble Beach Sunday he won confidence.

The second time he won $16,000 and victory in the Bing Crosby Golf Tournament.

His 25-foot chip for a birdie was the money shot but he thought a blast out of the sand an hour earlier and 10 feet away was better.

"I hit a good chip," said the happy 32-year-old from Broadwater Beach, Miss., after whipping Billy Casper and Bruce Devlin in a sudden-death playoff. "But the shot out of the sand on the 15th was a great shot."

Pott—if they had held a vote—would have won the "most unlikely to make a playoff" plaque after 10 holes of the final day of Ring's $104,500 clambake. He had blown a three-stroke lead at the start of Sunday's play and was four strokes down to Casper and three to Devlin.

"I never did get dejected," Pott said. "I wasn't doing anything right but anything can happen."

It did. After four bogeys through 10, John said he began to get the feeling. On 12, he sank a 12-footer for a birdie—"the first thing I'd really done right all day." Then came No. 15—the later scene of his playoff—and he hit his second shot into a trap alongside the green.

Confidence regained, he birdied 16 and 17 and came home with a four-day score of 285, equal to Casper and Devlin.

Pott and his playoff mates went back to friendly 15, first hole of the sudden death. On their second shots, Casper knocked his ball six feet from the pin, Devlin was 50 feet away on the edge of the green and Pott, with an 8-iron, was in a little ridge of fringe grass to the right—a couple of club lengths from Johnny's earlier "great shot."

"I had a pretty good feeling . . . I thought I might make it," he said.

Casper missed his six-footer and Pott, smiling his best toothsome smile, was a tournament champion for the first time since 1963.

He also got $2,700 for winning the pro-amateur title with partner Virgil Sherrill, a New York stockbroker. They had a four-day best-ball total of 253, four strokes ahead of Casper and amateur Bob Dickson.

Casper and Devlin split the second and third pro division money for $7,800 apiece.

Pott, who led the tournament after the second and third rounds—playing Pebble Beach, Cypress Point and treacherous Spyglass Hill—saw his putter fail him on the opening holes Sunday.

He three-putted two holes and overshot the green on another to make the nine-hole turn three-over par for the day.

Pott also three-putted the 10th.

Casper put together three birdies on the front nine to whiz past Pott—he trailed Johnny by three going into the round—and birdied 10 to all but seal Pott. Then Billy's putter began to fail. In five holes on the back side he missed birdie putts.

Devlin had started three strokes back of Pott Sunday in the first tournament of his comeback effort after a disastrous 1967. He passed Johnny and built a one-stroke margin over Casper until he overshot the 15th green and took a bogey.

Leetonia Nips Sebring With Balanced Scoring

LEETONIA — The Bears of Leetonia won their second close Tri-County League game in as many nights here Saturday night, edging Sebring 59-56.

Art Kovacs' club is now 5-4 on the season, 2-2 in league play. Sebring is 3-5 overall, but has dropped all four loop encounters.

The winners got balanced scoring, with Allen Gibson netting 14, Ed Casey and Jay Bland 13 each and Dan Bell 10. Greg Wilson had 18, Greg Gadd 15 and Bob Patterson 10 for the losers.

The game was close all the way. After ties at 46, 48 and 50, Ken DiCross made a foul to put the Bears ahead with 3:30 left and they never lost the advantage.

Casey was a tower of strength on the boards, grabbing 25 rebounds as Leetonia had a 55-35 edge in that department. Gadd had 10 for the losers. Sebring shot 33 per cent to 31 per cent for Leetonia, but the home team got 16 more attempts.

Leetonia won the reserve game 35-39 as Rick Shriver scored 10.

Clippers Hand Minerva Ninth Straight Setback

COLUMBIANA — The Clippers of Rich Berryman upped their season's record, to 6-5, 2-3 in Tri-County League action, with a 64-47 win over Minerva here Saturday night.

The loss was the ninth straight for the Lions, a complete turnabout from a year ago. George Vestfals led the winners with 15 points and 16 rebounds. Dan Gaughn added 14 markers. Dan Dager of the losers took game honors with 18. Columbiana shot 36 per cent, Minerva 32 per cent.

In the reserve game, Minerva squeaked by 59-57. Dave McGuckin had 17, Dave Reash 14, Frank Ringel 11 and Dave Oliver 10 to account for almost all of the losers' points.

Pierce Posts 7-1 Mark, Grabs Yogi Leadership

With the scheduled somewhat curtailed by the weather, the Review Cage Yogis showed a consensus mark of 7-1 for the week.

Turk Pierce, who was with the consensus in every case, forged into the lead, as previous leader Tom Futhey went 5-3. Bob Shaffer also went 7-1, to tie for second. Bob Duffy and Rose Nuzzo each were 6-2.

The downfall of Pierce and the consensus was Oak Glen's 72-59 win over Wellsville. Shaffer missed only on East Liverpool's 52-47 defeat of Steubenville. Duffy also fell with Big Red, and was wrong in picking Southern Local, which dropped a 72-54 decision to Crestview.

Nuzzo was wrong on Wellsville and Columbiana, which fell to Lisbon 63-45. Futhey missed those two plus Wellsville again Saturday in its 77-58 loss to Salem.

Everyone was right on Beaver Local, a 77-62 winner over Toronto; New Brighton, which whipped Midland 96-65; and East Palestine, which triumphed 63-52 over Poland.

UCLA, Houston Gird For Showdown

Florida Upsets Kentucky

By MIKE RECHT
Associated Press Sports Writer

The final countdown has begun for college basketball's version of the Super Bowl—the collision between UCLA and Houston in the Astrodome Saturday. The big question now is: will Lew Alcindor be ready for the blast off?

Some 50,000 people—an all-time record for a college game—will swarm into building to watch the clash between the No. 1 ranked Bruins and No. 2 rated Cougars, but an eye injury to Alcindor has left them and the rest of the country's cage fans wondering if big Lew will only be watching, too.

The 7-foot-1½ UCLA All-American took an accidental jab in the eye last Friday in an easy 94-64 victory over California and sat out with blurred vision in Saturday's less impressive 75-63 triumph over Stanford.

A doctor at the Stanford clinic called the injury "an extremely superficial abrasion" on the surface of the left eyeball and said Alcindor would likely be ready for Houston. More should be known by Thursday when the Bruins tune up against visiting Portland.

Several other Top Ten teams will set the stage for the big game with less heralded meetings against tough opponents.

Kentucky, 9-2, fourth ranked before its 96-78 loss at Florida Saturday night, takes on Georgia, another rough Southweastern Conference foe, tonight at Lexington, while Florida gets shots at Tennessee, No. 5, tonight in Knoxville and Saturday at home. Tennessee, 9-1, stopped Georgia 77-72 Saturday.

Utah, No. 6 with a 13-1 record after nipping Arizona 83-77 in overtime, travels to unbeaten New Mexico, No. 9, which wiped out Wyoming 81-65. Columbia, No. 10, meets Cornell Saturday after bombing Colgate 94-68 for a 10-3 mark.

Third-ranked North Carolina, 11-1, idle this week, walloped Clemson 115-83, unbeaten St. Bonaventure, No. 7, was idle and Vanderbilt, 11-3 and ranked eighth, bounced Mississippi 96-70.

Houston, 16-0, crushed West Texas 98-53 in its tune up for UCLA when the Cougars will be seeking revenge for its last loss, to the Bruins 73-58 in last year's NCAA semifinals.

No titles are at stake Saturday, but the No. 1 ranking and plenty of prestige will be up for grabs, along with another duel between Alcindor, if he plays, and Houston's 6-8 Elvin Hayes. Also hanging in the balance will be UCLA's winning streak that would stand at 47 with a victory over Portland.

The Bruins made Stanford No. 46 as Alcindor's replacement, Mike Lynn, dropped in 17 points and grabbed nine rebounds. UCLA led 46-22 at the half before the Indians rallied.

Hayes paced Houston with 31 points.

Neal Walk, 6-11, led Florida's upset over Kentucky, scoring 19 of his 28 points in the first half when the Gators took a 43-33 lead and coasted.

Reserve sophomore John Hunter scored three early overtime points that put Utah ahead to stay, and Tennessee took the SEC lead behind 22 points by Bill Justus. Larry Miller's 30 points and North Carolina's 57.8 per cent shooting from the floor stopped Clemson.

Jim McMillian scored 30 points and Dave Newmark 26 to lead Columbia. Ron Nelson had 30 for New Mexico.

Other top performances were turned in by Niagara's sterling sophomore, Cal Murphy, who scored 48 points in a 95-74 victory over Canisius, and Ron Williams, who dropped 30 points to lead West Virginia from 17 points down to an 89-86 overtime triumph over Davidson.

Southern Loses 11th Straight

33 Points In 3rd Period Gives Springfield Win

Southern Local held a 36-29 halftime lead but were outscored 33-9 in the third period and fell 84-65 at Springfield Saturday night.

The Indians got into foul trouble, as both George Thompson and Frank Francis had four personals in the first half. They eventually fouled out, as did Dave Smith and Rob Carter. Carter was high scorer with 17 points, while Jim Bettis added 12 and Thompson and Francis 10 each. Thompson got all his points in the first period.

Ken Gordon led the winners with 21, while Jack McConnaughy had 20 and Larry Wiley 18. In the first half the Flying Tigers hit only 8 of 30 shots, but came back with 21 of 43 in the second half. They shot 40 per cent for the game to 33 per cent for the losers.

Francis had 15 rebounds and Bettis and Carter 12 each.

The loss was the 11th straight for Southern. Springfield is 8-2, 5-1 in Buckeye Border Conference play.

The reserve contest went to the Tigers 89-58. Bill Morgan had 17 for the winners and Bob Smith 16 for the losers.

Green Bay Beats Oakland 33-14 In Super Bowl

Chandler's Toe, Defense Decide

By HAL BOCK
Associated Press Sports Writer

MIAMI, Fla. (AP) — Professional football's second Super Bowl is history and Green Bay's old pro Packers are still King of the hill.

The Packers methodically destroyed the upstart Oakland Raiders 33-14 Sunday with Bart Starr's brilliant play-calling and Don Chandler's educated toe doing the bulk of the work.

The victory was a study in balance for the Packers, who got solid defense to go with Starr's ball-control offense.

Someone asked Coach Vince Lombardi who would get the game ball and the Packer leader responded with his famous toothy grin.

"The game ball?" Lombardi laughed. "I got it, and it's right over there," he said, nodding at the sterling silver football that sits atop the trophy emblematic of football's world championship.

The game started as if the Packers would breeze and when it finished, they had.

Chandler kicked field goals from 39 and 20 yards out and then Starr and Boyd Dowler combined for a 62-yard scoring pass in the second quarter and a 13-0 Green Bay lead.

Dowler caught Starr's pass over the middle at the Oakland 35 and outran Rodger Bird to score. He later revealed that he was a secondary receiver on the play.

"Carroll Dale was the primary man on the other side," Dowler said. But the Raiders were blitzing on the play and that made the difference. "When Oakland came with the blitz," said Starr, "it meant there was single coverage on Boyd. He beat Kent McCloughan inside."

With the Raiders seemingly ready to be finished off, the Packers let them off the hook. Daryle Lamonica finally got Oakland's offense moving and hit Bill Miller with a 23-yard scoring pass.

"It was typical of the way we've played all year," said Lombardi. "We got a 13-or 14-point lead and then we go on vacation."

The Raiders seemed ready for more late in the first half when Donny Anderson punted and Bird called for a fair catch. But he dropped the ball and rookie Dick Capp, added to the Packer roster in midweek, recovered for Green Bay.

Three plays later, with just six seconds left in the half, Chandler kicked his third field goal — this one from the 43. "That was the one we wanted," the balding, 33-year-old placekicker said...,"It meant a nine-point halftime lead instead of six."

Although they were trailing, the Raiders were far from discouraged. "We had complete confidence at halftime," said Coach John Rauch. "We'd come back like that often during the season before."

But the Raiders hadn't played the Packers before.

Green Bay kept the pressure on and soon it was 23-7 on Anderson's two-yard plunge. Starr keyed the 82-yard drive when he hit veteran Max McGee, the hero of last year's Super Bowl, with a 35-yard pass in a third-and-inches situation at the Green Bay 40.

McGee, 35, who announced his retirement after the game, said, "The old man couldn't quit without catching just one more. This is it. I'm retired as of now and, no, he won't talk me out of it this time."

McGee also said he was quitting after the Packers' 35-10 Super Bowl victory over Kansas City last year. But Lombardi convinced him to return this season.

Chandler's fourth field goal of the game, with two seconds left in the period, made it 26-7. The 31-yarder hit the cross bar going over.

Now the Raiders had to open it up — and Green Bay was waiting. Herb Adderley picked off Lamonica's pass and raced 60 yards for a fourth quarter TD. When Lamonica hit Miller for his second score of the game, it was much too little, much too late.

"The Packers never change," said Billy Cannon, the Raiders' tight end. "They just come at you and beat you."

"It was a day of learning," said Lamonica, who completed 15 of 34 for 208 yards compared to Starr's 13 for 24 for 202. "We're a good, young ball club. We'll be back."

Lombardi refused to compare this year's Green Bay team with some of his others. "I will say this," he said. "The history of the Packers is in the future, as great as it has been in the past."

Lombardi, rumored ready to give up coaching, didn't say whether he would be a part of that future. "It would be foolish for me to try to make any kind of decision at this time. I'm going to take about three days off and do absolutely nothing. What I think I will do is give Vince Lombardi a good, hard look."

W. Michigan Leads MAC

By The Associated Press

Kent State, Ohio University and Miami have only one victory among them in the Mid-American Conference basketball race, but the league leaders are not taking them lightly.

Western Michigan had to fight all the way to whip Kent State 74-72 Saturday night, and Bowling Green was forced into overtime before putting down Miami 74-69. Western's 2 - 0 mark is the only perfect record in MAC play.

Ohio University was clobbered 94-69 by Marshall (3-2), but the Bobcats have two chances this week to upset things. They visit Western Michigan Wednesday night, and then go to Toledo Saturday night.

Bowling Green (2-1) is expecting a tough battle Tuesday night from Kent State, the only team to beat Toledo (3-1) in league action. If the Falcons get past the Golden Flashes, their meeting with Western Michigan Saturday could further scramble the race.

Ohio State lost an overtime thriller to Iowa 74-72, but the Buckeyes are still in the thick of the Big Ten race. Cincinnati also stayed in contention in the Missouri Valley chase with a 74-68 triumph over St. Louis. Otterbein stayed unbeaten in the Ohio Conference with a 72-61 victory over Capital.

Western Michigan had its hands full at Kent Sstate, with the score tied 13 times before the Broncos broke out front for good with about five minutes left. Kent State led 66-62 before Western reeled off seven straight points.

Gene Ford's 28 points led Western while Tom Lagodich paced Kent with 13.

Al Hairston dumped in seven points in overtime as Bowling Green turned back Miami, whose Phil Snow set up the extra period with a last - ditch shot, tieing it at the end of regulation 65-65. Miami's Fred Foster outscored BG's big Walt Piatkowski 30-27.

Marshall's Danny D'Antoni led the Thundering Herd past Ohio University, scoring 26 points and stealing the ball six times. Marshall dominated the backboards as Ohio suffered its fifth straight setback.

Ohio State had rolled to a 40-29 halftime, but the Bucks lost their poise in the second half as Iowa stormed from 13 points behind in the closing minutes. The Hawkeyes nearly won it in regulation, but OSU's Denny Meadors sank two free throws after the buzzer sounded to send it into overtime.

With the score tied 72-72 in overtime, Ohio State's Bill Hosket missed two free throws. Then, with only 24 seconds remaining, Iowa took control when a Buckeye pass went out of bounds and Ron Norman hit the winning shot on a 20-foot jumper.

Hosket scored 26 points for the Buckeyes, who lost their sixth straight to Iowa.

Cincinnati's big Rick Roberson's clutch shooting gave the Bearcats their victory over St. Louis. Roberson hit for six straight points late in the game and led all scorers with 22 points.

Lorenzo Hunt and Jim McKee with 18 points each led Otterbein past Capital. Otterbein is now 3-0 in the Ohio Conference and Kenyon 2 - 0. Ohio Wesleyan suffered its first OC defeat Saturday, losing 76-52 to Wooster.

In other Ohio Conference play, Denison topped Mount Union 77-48; Marietta beat Hiram 90 - 77, and Muskingum downed Heidelberg 85-63.

The Dayton Flyers, with Bobby Hooper and George Janky leading the way, defeated stubborn Detroit 86 - 74. Detroit's tight defense bottled up the Flyers' Don May who was held to 16 points.

But Hooper with 28 points and Janky with 26 picked up the slack. May got only two field goals, but pulled down 18 rebounds and made 12 of 15 free throws.

Villanova handed Xavier its fourth straight defeat 63-62 in a see-saw battle in the Queen City. Reserve Fran O'Hanlon hit a driving layup with three seconds left for Villanova's victory. The Musketeers' Bob Quick had a game-high 23 points.

Muskies Regain 1st Place

By The Associated Press

Minnesota couldn't stop league leading scorer Levern Tart but the Muskies slowed his Oakland teammates long enough to charge back into first place in the Eastern Division of the American Basketball Association.

The Muskies took over the top spot from idle Pittsburgh by eight percentage points with their 128-107 home victory over Oakland Sunday night. In other action, Houston tripped Indiana 92-87 and Dallas nipped Anaheim 130-123.

In the only National Basketball Association game, St. Louis rolled to its fifth straight win, 99-92 over Chicago.

Tart, with a game-high 36 points, led the Oaks to a 69-64 edge at halftime but Minnesota went ahead 76-75 on Don Freeman's jumper and outscored Oakland 37-17 in the next 12 minutes to wrap up the contest.

Mel Daniels topped the balanced Muskie attack with 27 points while Sam Smith and Les Hunter chipped in with 19 apiece and Freeman added 18.

Larry Lenz fired in 16 second-half points to trigger Houston's come-from-behind victory over Indiana. The Pacers led until 7:11 left to play when Lentz' basket put the Mavericks ahead to stay at 79-78.

Indiana shot only three for 19 in the final period and were outscored 22-13. Mat Aitch led the Pacers with 19 points while Lentz finished with 24 and Wilbert Frazier added 19 for the winners.

Player-Coach Cliff Hagan's 26 points rallied Dallas to its victory over Anaheim despite a record setting performance by the Amigos' Steve Chubin.

Anaheim led 85-70 midway in the third period when Hagan, "Toothpick" McHartley and Charles Beasley led a Chaparrel comeback for the victory. McHartley and Beasley each had 21 points.

Ben Warley scored 32 for the losers.

Chubin broke the league assist mark with 22, formerly held by New Orleans' Larry Brown with 13.

Joe Caldwell's 14 third-period points helped the Hawks lengthen their NBA Western Division lead to three games over San Francisco in St. Louis.

Chicago got to within one point in the final quarter but an 11-point spurt by St. Louis put the contest out of reach. Caldwell finished with 26 points while Flynn Robinson topped Chicago with 21.

In Saturday's ABA games, New Jersey defeated Oakland 118-110 and Indiana tripped Pittsburgh 113-99. Over in the NBA Cincinnati nipped San Diego 122-116, Chicago beat Baltimore 110-106 and Philadelphia dropped Detroit 115-106.

Green Bay Beats Oakland 33-14 In Super Bowl

Chandler's Toe, Defense Decide

Established NHL Teams Strike Back In Force

By The Associated Press

The early-season success of National Hockey League expansion clubs against their established rivals raised eyebrows from Schenectady to Saskatchewan.

After last weekend's East-West match-ups in Boston and Toronto, however, it appears the honeymoon has ended — with overdue bills to be paid.

The Bruins, beaten in six of their first 13 meetings with the NHL newcomers, walloped Minnesota's worried and travel-weary North Stars 9-2 Sunday night. Saturday afternoon the Maple Leafs, 6-5-1 in previous games against the expansionists, overpowered the Pittsburgh Penguins 7-0.

St. Louis' improving Blues proved an exception to the new rule of the Old Guard, holding East Division leading Chicago to a 2-2 draw after bowing to New York 3-1 Saturday night. Philadelphia fattened its West Division lead with a 6-3 victory over Oakland in Sunday's other game.

In other Saturday action, Montreal trimmed Boston 5-1, Chicago and Detroy played to a 4-4 deadlock and Oakland and Minnesota tied 2-2. The weekend's results in inter-division play boosted the East's season edge over expansion competition to 55-22-8 going into the All-Star break.

Minnesota, exhausted from a snow storm-delayed air journey to Boston and gravely concerned over what turned out to be a fatal injury to forward Bill Masterton in Saturday night's game, was no match for the explosive Bruins.

Phil Esposito and Fred Stanfield scored two goals apiece and Derek Sanderson, Ken Hodge, Bobby Orr, Eddie Shack and Skip Krake completed the rout. Boston rolled up a 7-0 lead before Dave Balon ruined goalie Ed Johnston's shutout bid late in the final period.

Masterton died early Monday after suffering head injuries in a collision during Saturday night's game against Oakland.

The Black Hawks had to make up a 2-0 deficit after rookie Craig Cameron's first NHL goal and a breakway score by Red Berenson put St. Louis on top. Doug Mohns closed the gap for the Hawks late in the second period and Erick Nesterenko hit the tying goal midway in the finale.

The tie cut Chicago's lead over the second place Bruins to two points.

Third-period goals by Bill Sutherland, Brit Selby and Jean Gauthier shot Philadelphia past the Seals at Oakland and sent the Flyers seven points ahead of second place Minnesota in the West.

North Stars' Masterton Hits Head On Ice, Dies

ST. PAUL- MINNEAPOLIS (AP)—Bill Masterton, a professional hockey player with the Minnesota North Stars of the National Hockey League, died early today of a massive internal brain injury.

Masterton had been injured when he fell hard to the ice Saturday night in a game against the Oakland Seals.

Death came at 1:55 a.m., in Fairview-Southdale Hospital in suburban Edina.

Two neuro-surgeons were among five doctors in attendance administering to the 29-year-old Winnipeg, Man., native.

A club spokesman said that no operation had been performed.

Masterton's death is the first in the 51-year history of the National Hockey League.

Masterton, father of two small children, cracked the back of his head hard in a fall to the ice in Minnesota's 2-2 tie with Oakland.

Reports by sports writers covering the game conflict on what happened. But Masterton somehow slipped or had his feet knocked out from under him in a high-sticking crowd of players about 25 feet in front of the Oakland goal.

Masterton fell backwards, the back of his head slamming against the ice. He was taken from the ice on a stretcher, his head bleeding profusely, and was rushed to the hospital.

His parents had been summoned from Winnipeg, and were at his side. He also is survived by his widow, Carol, a son, 3, a daughter, 1, and a brother.

Masterton had left a job in contract administration with Honeywell, Inc., last year to return to professional hockey after a four-year semi-retirement. He had decided to return to pro hockey this season when Minnesota was awarded a franchise in last year's NHL expansion to 12 teams.

Masterton played two seasons of pro hockey—at Hull-Ottawa in the Western Professional Hockey League in 1961-62 and with the Cleveland Barons in the American Hockey League in 1962-63. He was the sixth leading scorer in the AHL in 1962-63.

South Side Wrestlers Lose Third

South Side Beaver dropped its third wrestling match in four starts Friday, falling 36-19 to Sewickley Academy.

The Rams had previously beaten the Panthers, 33-17, but had to forfeit the 88, 95 and unlimited classes and the 18 points given up were too much to overcome.

Chuck Reed and Rick Boone picked up pins for Don Charlton's team, while Larry Gardner, Jim Lawson, and Rick Patterson added decisions.

103—Reed (SS) pinned Gerard 0:40

Eight Teams Undefeated In 'Y' Play

Eight teams remained unbeaten after the second week of play in the YMCA Church basketball league Saturday night.

Trinity Presbyterian topped Pennsylvania Ave. Methodist 21-17 and St. Ann's whipped LaCroft Nazarene 19-11 in battles between first week winners. D. Headley had 9 for Trinity, J. Anderson 8 for the Methodists, Kuzzirski 8 for St. Ann's and Mike Cronin 8 for LaCroft.

Grace UP, St. Aloysius, Glenmoor UP, Boyce Methodist, Wellsville Central Methodist and First Nazarene also won their second games. Grace topped First Church of Christ 17-6, with Dennis Horger and Gary Hall getting six each; St. Al's trounced Chester First Methodist 26-13 as Dave Ryan had six for the winners and D. Reed 5 for the losers; Glenmoor blitzed Oakland Free Methodist 27-11 behind 15 points by Dan Tipton; Boyce topped First Methodist 26-19 as Linville had 8 for the winners and Mike Fitzgerald 14 for the losers; Central rolled over Chester Nazarene 24-11 as S. Carpenter had 6 for the losers, and First Nazarene defeated Chester Christian 14-6.

In battles among losers, First UP overcame Calvary Methodist 24-15 and St. John's Lutheran edged St. Stephen's Episcopal 13-10. John Connell had 14 for First UP, Phil Weber 8 for Calvary, and David McGaffic 5 for St. John's.

Sabich, Kidd Perform Well In Skiing

WENGEN, Switzerland (AP) — Strong performances under trying conditions by Spider Sabich and Billy Kidd have lifted U.S. Olympic ski hopes in the latest of a series of international tests preparatory to the Winter Games.

Sabich, of Kyburz, Calif., and Kidd, of Stowe, Vt., placed eighth and 10th, respectively, in Sunday's Auberhorn special slalom, won by Dumeng Giovanoli of Switzerland on a 66-gate course made treacherous by pouring rain and a sharp rise in temperature.

Rick Chaffe of Rutland, Vt., finished 36th in the event but five other Americans — and French sensation Jean Claude Killy — were among 42 entrants disqualified after falling or missing gates.

Kidd, timed in 1:58.75 in the special slalom, placed sixth in the combined standings, which included Saturday's downhill race. Sabich was seventh in combined points after clocking 1:58.54 in Sunday's race. Austria's Gerhard Nenning, the downhill winner, captured the over-all title.

Wrestling Put Off

The Beaver Local - Oak Glen wrestling match scheduled for tonight at Beaver Local High School has been postponed until a later date, Ted Taylor, Beaver Local High School principal, announced this morning.

The East Liverpool at Ravenna wrestling match scheduled for Saturday night was postponed because of the weather and will be rescheduled for a later date.

Meeting Called Off

The Lady Potters Booster Club meeting, scheduled for tomorrow night, has been cancelled because of the weather.

AFL Closes Score Gap In Super Bowl Action

By BEN FUNK
Associated Press Sports Writer

MIAMI (AP) — The Green Bay Packers still are the champions of all pro football, but the American Football League gained six points Sunday in its drive to catch up with the older and more powerful National League.

The Packers beat the AFL champion Oakland Raiders 33-14, falling six points short of their 35-10 margin last year over the Kansas City Chiefs in the first Super Bowl game.

But if it still is unable to match the NFL in talent and experience, the AFL hopes the time will come soon.

"We'll be back," said Raider quarterback Daryle Lamonica, who matched the Packers in offensive touchdowns by throwing for two to Bill Miller. We're a good young ball club. We can develop into a team like the Packers."

"We were ready for them," shouted Packer Coach Vince Lombardi. But he added that Oakland "is a good team and well coached."

Lombardi refused to compare the Raiders with last year's Kansas City team, but defensive end Willie Davis said he felt Oakland was a better over-all club.

"Kansas City was more of a wide-open offensive team," said Packer linebacker Ray Nitschke, "and perhaps more explosive. Oakland is strictly the kind of team that will nickel and dime you to keep moving."

Coach Johnny Rauch said his Raiders were unawed by the supermen reputations of the Packers and "we had complete confidence at halftime. But we made too many mistakes and lost our momentum."

He blamed the loss on a breakdown in Oakland pass coverage, particularly on a 62-yard scoring shot from Bart Starr to Boyd Dowler, and on Green Bay's defense against Oakland sweeps.

"Nothing the Packers did astonished us," Rauch said. "Nothing Starr did surprised us. They played the game we expected. We thought their defense would be tough, and it was. We knew it would be hard for us to put many points on the board.

"Lamonica deserves a lot of credit. He realizes he's got a lot to learn. We all do. But we'll reach their strength shortly.

"I was happy in the fact that at no point in the game did we give up. That's been the character of our boys all season. They're young and we'll get better."

Wheeling Shut Down

The racing programs at Wheeling Downs scheduled for today and tomorrow have been called off due to the heavy snowfall which makes driving conditions very dangerous.

Indoor Track Records Bettered In Boston

By DAVE O'HARA
Associated Press Sports Writer

BOSTON (AP) — An Olympic year brings out the best among track athletes — and 1968 doesn't appear to be any different. The indoor board circuit is off to a fabulous start.

"I don't know what we can do for an encore," an official said happily in the wake of the 42nd Knights of Columbus Games Saturday night at Boston Garden. "The meet was fantastic."

Top performances in the K of C meet usually are rare because it is held so early in the season and athletes are just warming up. However, this year was a big exception.

A flock of Olympic hopefuls is ready for hot competition leading to the World Games at Mexico City this summer. The athletes are in top shape and going all out.

Few wanted to talk about their Olympic hopes after the K of C meet. However, former Georgetown star Eamonn O'Reilly summed up the general feeling: "Oh, yes, we all dream."

O'Reilly, now running out of Oakland, Calif., hopes to make the U.S. Olympic team in the 3,000-meter steeplechase or the 5,000 or 10,000-meter runs.

As one of his tuneups, he set a meet record of 8:41 in the Boston two-mile event. The clocking was a personal best.

Southern California football star Earl McCullough, fresh from the Rose Bowl, felt tired as he entered the Garden with just four hours sleep after a victory in Washington Friday night. Then he broke too soon for a falst start in the finals of the 45-yard high hurdles.

Although claiming he was weary and worried by the falst start, McCullouch equalled a 26-year-old indoor record with a clocking of 5.3 seconds for the unusual distance.

"If I felt better I'm sure I could have broken the record," he said matter of factly.

Sweden's Ulf Hoegberg, making only his second appearance on the boards, was voted the meet's outstanding performer. The 21-year-old student ran the fastest mile in Boston history as he turned in a blistering 4:02.3 effort.

Australia's Ralph Boubell made his U.S. debut by turning in the fastest 1,000 yards in Boston history — 2:07.7. Another all-time Garden mark was set by Villanova's Vince Bizzarro, who hit a personal high of 16-7¾ in the pole vault.

Old-Time Pro Dead At 75

CANTON, Ohio (AP) — Pete Calac, a teammate of the famed Jim Thorpe in college and professional football, has lost his battle with cancer.

Calac, 75, died at his home here Saturday. He had undergone four major operations in recent months, the fourth only two months ago.

Funeral services will be held here Tuesday at 1 p.m.

Calac was Thorpe's roommate at Carlisle, where he began his football exploits under the late coach Glenn (Pop) Warner.

He also was Thorpe's teammate in professional football with the Canton Bulldogs, with a team in Cleveland organized by Thorpe and with an all-Indian team organized by Thorpe and which toured the country in 1922 and 1923.

Davalillo, Cardenal Signed By Indians

CLEVELAND (AP) — The Cleveland Indians announced today that the signing of outfielders Vic Davalillo and Jose Cardenal brought to four the number of players they have under contract for the 1968 season.

This will be Devalillo's sixth season with the Tribe. Cardenal was obtained from the California Angels last November in exchange for outfielder Chuck Hinton.

Established NHL Teams Strike Back In Force

By The Associated Press

The early-season success of National Hockey League expansion clubs against their established rivals raised eyebrows from Schenectady to Saskatchewan.

After last weekend's East-West match-ups in Boston and Toronto, however, it appears the honeymoon has ended — with overdue bills to be paid.

The Bruins, beaten in six of their first 13 meetings with the NHL newcomers, walloped Minnesota's worried and travel-weary North Stars 9-2 Sunday night. Saturday afternoon the Maple Leafs, 6-5-1 in previous games against the expansionists, overpowered the Pittsburgh Penguins 7-0.

St. Louis' improving Blues proved an exception to the new rule of the Old Guard, holding East Division leading Chicago to a 2-2 draw after bowing to New York 3-1 Saturday night. Philadelphia fattened its West Division lead with a 6-3 victory over Oakland in Sunday's other game.

In other Saturday action, Montreal trimmed Boston 5-1, Chicago and Detroy played to a 4-4 deadlock and Oakland and Minnesota tied 2-2. The weekend's results in inter-division play boosted the East's season edge over expansion competition to 55-22-8 going into the All-Star break.

Minnesota, exhausted from a snow storm-delayed air journey to Boston and gravely concerned over what turned out to be a fatal injury to forward Bill Masterton in Saturday night's game, was no match for the explosive Bruins.

Phil Esposito and Fred Stanfield scored two goals apiece and Derek Sanderson, Ken Hodge, Bobby Orr, Eddie Shack and Skip Krake completed the rout. Boston rolled up a 7-0 lead before Dave Balon ruined goalie Ed Johnston's shutout bid late in the final period.

Masterton died early Monday after suffering head injuries in a collision during Saturday night's game against Oakland.

The Black Hawks had to make up a 2-0 deficit after rookie Craig Cameron's first NHL goal and a breakway score by Red Berenson put St. Louis on top. Doug Mohns closed the gap for the Hawks late in the second period and Erick Nesterenko hit the tying goal midway in the finale.

The tie cut Chicago's lead over the second place Bruins to two points.

Third-period goals by Bill Sutherland, Brit Selby and Jean Gauthier shot Philadelphia past the Seals at Oakland and sent the Flyers seven points ahead of second place Minnesota in the West.

North Stars' Masterton Hits Head On Ice, Dies

ST. PAUL- MINNEAPOLIS (AP)—Bill Masterton, a professional hockey player with the Minnesota North Stars of the National Hockey League, died early today of a massive internal brain injury.

Masterton had been injured when he fell hard to the ice Saturday night in a game against the Oakland Seals.

Death came at 1:55 a.m., in Fairview-Southdale Hospital in suburban Edina.

Two neuro-surgeons were among five doctors in attendance administering to the 29-year-old Winnipeg, Man., native.

A club spokesman said that no operation had been performed.

Masterton's death is the first in the 51-year history of the National Hockey League.

Masterton, father of two small children, cracked the back of his head hard in a fall to the ice in Minnesota's 2-2 tie with Oakland.

Reports by sports writers covering the game conflict on what happened. But Masterton somehow slipped or had his feet knocked out from under him in a high-sticking crowd of players about 25 feet in front of the Oakland goal.

Masterton fell backwards, the back of his head slamming against the ice. He was taken from the ice on a stretcher, his head bleeding profusely, and was rushed to the hospital.

His parents had been summoned from Winnipeg, and were at his side. He also is survived by his widow, Carol, a son, 3, a daughter, 1, and a brother.

Masterton had left a job in contract administration with Honeywell, Inc., last year to return to professional hockey after a four-year semi-retirement. He had decided to return to pro hockey this season when Minnesota was awarded a franchise in last year's NHL expansion to 12 teams.

Masterton played two seasons of pro hockey—at Hull-Ottawa in the Western Professional Hockey League in 1961-62 and with the Cleveland Barons in the American Hockey League in 1962-63. He was the sixth leading scorer in the AHL in 1962-63.

South Side Wrestlers Lose Third

South Side Beaver dropped its third wrestling match in four starts Friday, falling 38-19 to Sewickley Academy.

The Rams had previously beaten the Panthers, 33-17, but had to forfeit the 88, 95 and unlimited classes and the 18 points given up were too much to overcome.

Chuck Reed and Rick Boone picked up pins for Don Charlton's team, while Larry Gardner, Jim Lawson, and Rick Patterson added decisions.

Eight Teams Undefeated In 'Y' Play

Eight teams remained unbeaten after the second week of play in the YMCA Church basketball league Saturday night.

Trinity Presbyterian topped Pennsylvania Ave. Methodist 21-17 and St. Ann's whipped LaCroft Nazarene 19-11 in battles between first week winners. D. Headley had 9 for Trinity, J. Anderson 8 for the Methodists, Kuzzinski 8 for St. Ann's and Mike Cronin 8 for LaCroft.

Grace UP, St. Aloysius, Glenmoor UP, Boyce Methodist, Wellsville Central Methodist and First Nazarene also won their second games. Grace topped First Church of Christ 17-6, with Dennis Horger and Gary Hall getting six each; St. Al's trounced Chester First Methodist 26-13 as Dave Ryan had six for the winners and D. Reed 5 for the losers; Glenmoor blitzed Oakland Free Methodist 27-11 behind 15 points by Dan Tipton; Boyce topped First Methodist 26-19 as Linville had 8 for the winners and Mike Fitzgerald 14 for the losers; Central rolled over Chester Nazarene 24-11 as S. Carpenter had 6 for the losers, and First Nazarene defeated Chester Christian 14-6.

In battles among losers, First UP overcame Calvary Methodist 24-15 and St. John's Lutheran edged St. Stephen's Episcopal 13-10. John Connell had 14 for First UP, Phil Weber 8 for Calvary, and David McGaffic 5 for St. John's.

Sabich, Kidd Perform Well In Skiing

WENGEN, Switzerland (AP) — Strong performances under trying conditions by Spider Sabich and Billy Kidd have lifted U.S. Olympic ski hopes in the latest of a series of international tests preparatory to the Winter Games.

Sabich, of Kyburz, Calif., and Kidd, of Stowe, Vt., placed eighth and 10th, respectively, in Sunday's Auberhorn special slalom, won by Dumeng Giovanoli of Switzerland on a 66-gate course made treacherous by pouring rain and a sharp rise in temperature.

Rick Chaffe of Rutland, Vt., finished 36th in the event but five other Americans — and French sensation Jean Claude Killy — were among 42 entrants disqualified after falling or missing gates.

Kidd, timed in 1:58.75 in the special slalom, placed sixth in the combined standings, which included Saturday's downhill race. Sabich was seventh in combined points after clocking 1:58.54 in Sunday's race. Austria's Gerhard Nenning, the downhill winner, captured the over-all title.

AFL Closes Score Gap In Super Bowl Action

By BEN FUNK
Associated Press Sports Writer

MIAMI (AP) — The Green Bay Packers still are the champions of all pro football, but the American Football League gained six points Sunday in its drive to catch up with the older and more powerful National League.

The Packers beat the AFL champion Oakland Raiders 33-14, falling six points short of their 35-10 margin last year over the Kansas City Chiefs in the first Super Bowl game.

But if it still is unable to match the NFL in talent and experience, the AFL hopes the time will come soon.

"We'll be back," said Raider quarterback Daryle Lamonica, who matched the Packers in offensive touchdowns by throwing for two to Bill Miller. We're a good young ball club. We can develop into a team like the Packers."

"We were ready for them," shouted Packer Coach Vince Lombardi. But he added that Oakland "is a good team and well coached."

Lombardi refused to compare the Raiders with last year's Kansas City team, but defensive end Willie Davis said he felt Oakland was a better over-all club.

"Kansas City was more of a wide-open offensive team," said Packer linebacker Ray Nitschke, "and perhaps more explosive. Oakland is strictly the kind of team that will nickel and dime you to keep moving."

Coach Johnny Rauch said his Raiders were unawed by the supermen reputations of the Packers and "we had complete confidence at halftime. But we made too many mistakes and lost our momentum."

He blamed the loss on a breakdown in Oakland pass coverage, particularly on a 62-yard scoring shot from Bart Starr to Boyd Dowler, and on Green Bay's defense against Oakland sweeps.

"Nothing the Packers did astonished us," Rauch said. "Nothing Starr did surprised us. They played the game we expected. We thought their defense would be tough, and it was. We knew it would be hard for us to put many points on the board.

"Lamonica deserves a lot of credit. He realizes he's got a lot to learn. We all do. But we'll reach their strength shortly.

"I was happy in the fact that at no point in the game did we give up. That's been the character of our boys all season. They're young and we'll get better."

Wheeling Shut Down

The racing programs at Wheeling Downs scheduled for today and tomorrow have been called off due to the heavy snowfall which makes driving conditions very dangerous.

Indoor Track Records Bettered In Boston

By DAVE O'HARA
Associated Press Sports Writer

BOSTON (AP) — An Olympic year brings out the best among track athletes — and 1968 doesn't appear to be any different. The indoor board circuit is off to a fabulous start.

"I don't know what we can do for an encore," an official said happily in the wake of the 42nd Knights of Columbus Games Saturday night at Boston Garden. "The meet was fantastic."

Top performances in the K of C meet usually are rare because it is held so early in the season and athletes are just warming up. However, this year was a big exception.

A flock of Olympic hopefuls is ready for hot competition leading to the World Games at Mexico City this summer. The athletes are in top shape and going all out.

Few wanted to talk about their Olympic hopes after the K of C meet. However, former Georgetown star Eamonn O'Reilly summed up the general feeling: "Oh, yes, we all dream."

O'Reilly, now running out of Oakland, Calif., hopes to make the U.S. Olympic team in the 3,000-meter steeplechase or the 5,000 or 10,000-meter runs.

As one of his tuneups, he set a meet record of 8:41 in the Boston two-mile event. The clocking was a personal best.

Southern California football star Earl McCullough, fresh from the Rose Bowl, felt tired as he entered the Garden with just four hours sleep after a victory in Washington Friday night. Then he broke too soon for a falst start in the finals of the 45-yard high hurdles.

Although claiming he was weary and worried by the falst start, McCullouch equalled a 26-year-old indoor record with a clocking of 5.3 seconds for the unusual distance.

"If I felt better I'm sure I could have broken the record," he said matter of factly.

Sweden's Ulf Hoegberg, making only his second appearance on the boards, was voted the meet's outstanding performer. The 21-year-old student ran the fastest mile in Boston history as he turned in a blistering 4:02.3 effort.

Australia's Ralph Boubell made his U.S. debut by turning in the fastest 1,000 yards in Boston history — 2:07.7. Another all-time Garden mark was set by Villanova's Vince Bizzarro, who hit a personal high of 16-7¾ in the pole vault.

Old-Time Pro Dead At 75

CANTON, Ohio (AP) — Pete Calac, a teammate of the famed Jim Thorpe in college and professional football, has lost his battle with cancer.

Calac, 75, died at his home here Saturday. He had undergone four major operations in recent months, the fourth only two months ago.

Funeral services will be held here Tuesday at 1 p.m.

Calac was Thorpe's roommate at Carlisle, where he began his football exploits under the late coach Glenn (Pop) Warner.

He also was Thorpe's teammate in professional football with the Canton Bulldogs, with a team in Cleveland organized by Thorpe and with an all-Indian team organized by Thorpe and which toured the country in 1922 and 1923.

Davalillo, Cardenal Signed By Indians

CLEVELAND (AP) — The Cleveland Indians announced today that the signing of outfielders Vic Davalillo and Jose Cardenal brought to four the number of players they have under contract for the 1968 season.

This will be Devalillo's sixth season with the Tribe. Cardenal was obtained from the California Angels last November in exchange for outfielder Chuck Hinton.

ANNOUNCEMENTS

2 IN MEMORIAM

IN loving memory of Mrs. Oscar Russell who passed away Jan. 15, 1967.
I think of her in silence, no eyes can see me weep, but many silent tears are shed when others are asleep. While angels keep their watch up there, please God, just let her know, that I down here do not forget I love and miss her so.
Daughter, Olive

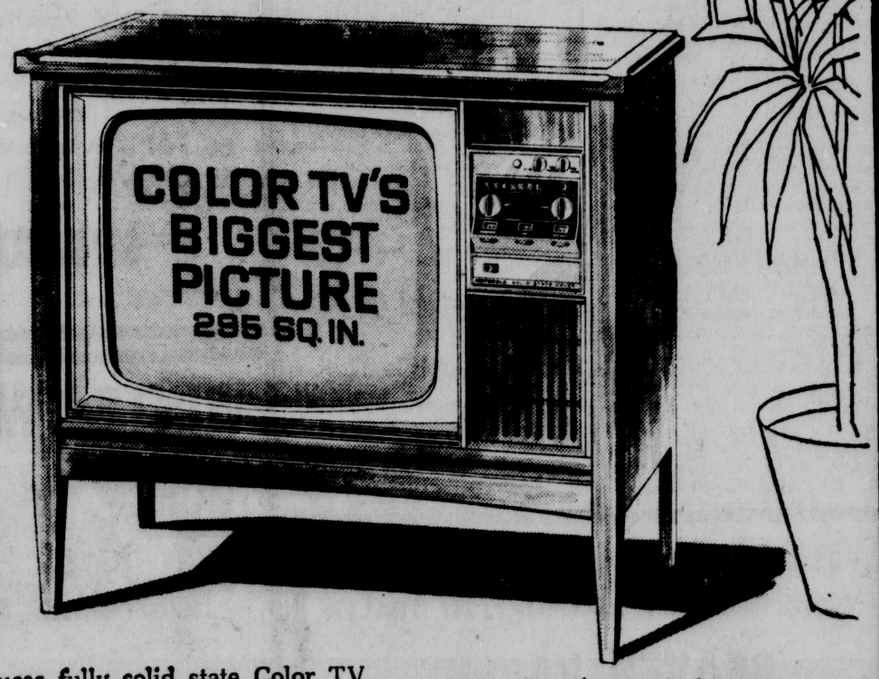
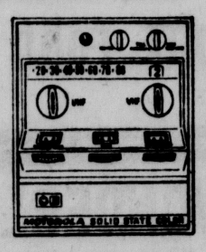
TRANSISTORS REPLACE TUBES IN COLOR TV

for a whole new standard of reliability



EASIER TO FINE-TUNE RIGHT THAN BLACK AND WHITE!



Motorola VISI-TRAK tuning lets you fine-tune the color picture correctly even without looking at the screen. Calibrated control dials simplify color settings, allow easy repeat set-tings by the numbers.

- Motorola introduces fully solid state Color TV except for picture tube and rectifier.
- Solid state circuits eliminate hundreds of chances for human error.
- Instant sound. Picture in 5 seconds.
- 100% DC coupling—like that in monitor sets used in TV stations—faithfully reproduces transmitted signal.
- Motorola Hi-Fi Color Tube . . . automatic demag-netizer.
- Lighted slide-rule UHF dial.

23-in. diagonal picture in Contempo-rary Lowboy cabinet . . . with genuine Walnut veneers and select hardwood solids with Light Oil Walnut finish.
Model No. WL850DW

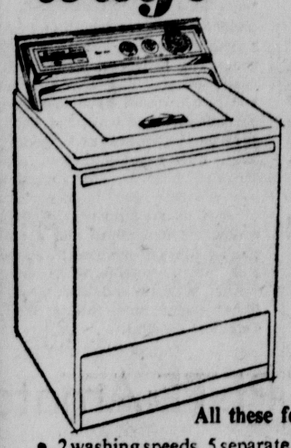
Still doing your wash the old-fashioned way?



use SUPER WASH instead...

This special cycle gives extra-dirty, heavily soiled clothes a powerful, extra scrubbing, automatically, before the regular wash cycle. You need not return to the washer to reset the controls or add detergent.

All these features for better washing!

- 2 washing speeds, 5 separate cycles
- 5 wash-rinse water temp selections
- 3 water levels to choose from
- MAGIC CLEAN® filter . . . cleans itself automatically

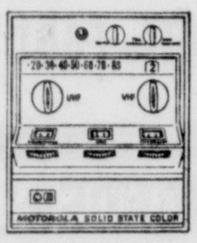
TRANSISTORS REPLACE TUBES IN COLOR TV

for a whole new standard of reliability

EASIER TO FINE-TUNE RIGHT THAN BLACK AND WHITE!



Motorola VISI-TRAK tuning lets you fine-tune the color picture correctly even without looking at the screen. Calibrated control dials simplify color settings, allow easy repeat settings by the numbers.

- Motorola introduces fully solid state Color TV except for picture tube and rectifier.
- Solid state circuits eliminate hundreds of chances for human error.
- Instant sound. Picture in 5 seconds.
- 100% DC coupling—like that in monitor sets used in TV stations—faithfully reproduces transmitted signal.
- Motorola Hi-Fi Color Tube . . . automatic demagnetizer.
- Lighted slide-rule UHF dial.

23-in. diagonal picture in Contemporary Lowboy cabinet . . . with genuine Walnut veneers and select hardwood solids with Light Oil Walnut finish.

A Junior Editors Quiz About PARROTS

QUESTION: How does a parrot talk?

★ ★ ★

ANSWER: We speak because we make sounds in our voice box or larynx and control the sound with the tongue, mouth and lips. Birds also have a larynx, but they have another special sound organ, the syrinx, with membranes which vibrate when air is forced across them. Through this process, birds make notes and calls. Birds can communicate with one another through sound. A parrot or parakeet may, for example, give low notes which their companions will take to mean danger. There are many birds which like to imitate the calls of others. The parrot, especially the Amazon parrot, has a remarkable gift for mimicry. What enables a parrot to imitate human speech so closely is the fact that inside his lower bill, as you can see in our last illustration, is a thick tongue. He can use this to make different qualities of sound, although, of course, the poor fellow hasn't the faintest idea of what he is talking about. Try making a cardboard parrot as suggested in left picture. Draw on cardboard, cut out and color as shown, putting a weight on the bottom. The notch will enable Polly to sit on your finger.
